

# Feeling Is Against Strike In Many of British Coal Areas

Hope Expressed In England That Strike Notices, Which Expire on Saturday, Will Again Be Suspended and Negotiations Continued.

London, Oct. 12.—(Canadian Associated Press)—Though very few results of the miners' ballot have yet been disclosed, it is quite probable a total adverse result to accepting the last Government proposal will appear on Thursday. However, the opinion in many coalfields shows a feeling against a strike. There is hope that the strike notices which expire on Saturday will be further suspended and the negotiations continued.

## SUGGESTS BRIDGE LABOR PROVISIONS

Proposes Union Labor, Employment of British Subjects and Returned Men

Terms to be embodied in the contract for the new Johnson Street Bridge governing the employment of labor in the work were suggested to the City Council last night by City Engineer F. M. Preston.

Mr. Preston proposed that the following provisions be inserted in the bridge specifications—his suggestions being made only as a basis for discussion:

1. The contractor shall employ only competent and skilled workmen for the particular work for which they are engaged.
2. He shall pay the standard union wages current in the city of Victoria during the period of construction.
3. He shall employ only British subjects.
4. He shall not employ any Chinese, Japanese or other Asiatic labor either directly or indirectly.
5. At least one-half of the total number of employees shall be returned soldiers.
6. At least one-half of the total number of employees shall be residents of Victoria of at least one year's standing from December, 1919.
7. He shall pay wages at least once a fortnight.

## CAPTAIN ROSE MUCH PLEASED WITH SHIPS

Efficient Nucleus For Canadian Navy, Says Acting Director of Naval Service

Ottawa, Oct. 12.—(Canadian Press)—"I am much pleased with the vessel which the British Government has given to Canada and consider that they should prove the very efficient nucleus for a Canadian navy," said Captain Walter Rose, R.C.N., acting director of naval service, today. Captain Rose has just returned from England, where he went to take over the ship from the Admiralty, inspect them and report to the Ministry what changes were necessary before they would be ready for service in Canadian waters. At present the vessels are undergoing necessary refitting and the actual date of their sailing for Canada is uncertain. They will be ready to sail shortly.

## GRAVE DISORDERS IN COTTON STATES

Atlanta, Ga., Oct. 12.—The shooting to death yesterday of a negro guard at a cotton gin in Arkansas, numerous fires of undetermined origin in which cotton has been destroyed and widespread threats of minor riots to burn gins whose owners ignore warnings to discontinue operations until the staple reached a price of 40 cents a pound, have resulted in the issue of proclamations by Governors Brough, of Arkansas, and Kilby, of Alabama, and statements of their position by Governors Berry, of Georgia, and Cooper, of South Carolina.

## RAILROAD STRIKE IN PORTUGAL ENDED

Madrid, Oct. 12.—Dispatches from Portugal state that the railroad strike is ended and services generally have been resumed after a few disturbances in the southern provinces. Nothing serious has happened.

## Major George Putnam, Publisher, Was Jeered By Brooklyn Crowd

New York, Oct. 12.—(Canadian Press)—Major George H. Putnam, the publisher, was jeered and pelted by a crowd of men and women in Brooklyn last night when he started to deliver a lecture on "The Relation Between America and England." Police reserves were sent for and the meeting broke up in disorder.

## MURDER CAMPAIGN IN IRELAND CONTINUES

Officers Shot Dead in County Meath and County Mayo

Dublin, Oct. 12.—While arrests were being made during military raids in Drumcondra, County Meath, two officers were shot dead. One non-commissioned officer was wounded and one civilian was killed and another wounded, according to an official report of the affair made public today.

## Car Fired Upon

Ballynure, Ireland, Oct. 12.—Constables Kenny and Crawford were shot dead and a sergeant and two other constables were badly wounded when a police motor car running between Roscommon and Ballaghaderreen, County Mayo, was fired upon this morning.

## "Declaration of War"

London, Oct. 12.—Leaders of the Sinn Féin movement in Ireland say they regard the speech made at Carraroe, Wales, on Saturday by Premier Lloyd George as almost a "declaration of war on Ireland," says the Dublin correspondent of The London Times.

## MACSWINEY'S CONDITION.

London, Oct. 12.—Lord Mayor Macswiney of Cork, passed a very good night at Brixton prison and this morning was in the same rested and peaceful condition that was reported yesterday, said a bulletin issued by the Irish Self-Determination League this morning. This is the first day of his hunger strike.

# Queensland Government Gets Working Majority

London, Oct. 12.—(Canadian Associated Press)—The Melbourne correspondent of The Times cables a prophecy that in the Queensland State elections, which took place Saturday, thirty-nine Ministerialists have been returned as against thirty-three Oppositionists, which will give the Government a good working majority. Labor's support goes to the Government. The correspondent adds, however, that the closeness of the poll with the reduced Labor majorities probably will have a sobering effect on Premier Theodore's policy, which lately caused British capitalists to refuse to lend the Government money to develop a State steel plant.

## WRANGLER LAUNCHES NEW OFFENSIVE

Pinching Movement Against Bolsheviks Sheltered Behind Dnieper River

Sebastopol, Oct. 12.—(Associated Press)—General Wrangel, the anti-Bolshevik leader, has launched his expected offensive against the sixth army of the Soviet forces, sheltered behind the Dnieper. General Wrangel is carrying out a pinching movement converging on the town of Kakhovka, northeast of Kherson, Lenden. Advices.

London, Oct. 12.—Conditions along the South Russian front have assumed a serious aspect for the Bolsheviks, according to advices received here. General Wrangel's troops are continuing to advance north of Crimea and the Sea of Azov.

## IMPROVEMENT SHOWN IN COAL IMPORTS

Latter Part of September Saw Increased Shipments From the States

Ottawa, Oct. 12.—(Canadian Press)—Telegrams received here by the Railway Commission from J. H. Mahoney, representative of the War Trade Board at Washington, stated that the Interstate Commerce Commission had issued orders to all railways to furnish coal cars to mines in preference to any other use.

The orders which became effective on October 10 at midnight are to remain in effect until the domestic coal situation is well in hand. An encouraging tone in that the imports during the last half of the month showed an increase over those of the first two weeks. There were 371,000 tons of anthracite and 1,787,000 tons of bituminous coal brought into Canada in the month. While Canada's coal output last year in the tonnage of anthracite imported, there is a slight gain in the supply of bituminous coal brought in. The coal production of Alberta mines in August was 578,000 tons, which was 235,000 tons ahead of the monthly average for the season. An interesting point in connection with the Alberta output is the fact that 75,000 tons of Alberta coal has been exported to the United States since this season opened and 1,300 tons have been brought to points in Western Ontario at the head of the lakes.

## FARMER CONFESSES TO MURDER OF DAUGHTERS

Lansing, Mich., Oct. 12.—Earl Roop, a farmer living near here today confessed, according to Sheriff Silsbeth, that late yesterday he chloroformed his two daughters, aged two and three years, and buried their bodies in the bed of the Red Cedar River a short distance from his home. Sheriff's officers went to the river, led by Roop, and found the bodies. Despondency, according to the alleged confession, was the motive for the crime. Roop is being held on a charge of murder.

## EASTERN MINERS RESSENT INCREASED DOCTORS' CHARGES

Sydney, C.B., Oct. 12.—Doctors who attend miners here are asking an increase of 100 per cent. in fees. The United Mine Workers have decided to refuse to pay the increased charges, and to open a community drug store, rather than pay the increase. Hitherto the doctors have been paid 25 cents per week per man under a co-operative system and they now ask 30 cents.

## TO FIGHT EXTRADITION.

Vancouver, Oct. 12.—H. Michalev, charged with obtaining \$81,000 by means of alleged false receipts for liquor, which he is said to have sold to a Chicago man, has decided to fight extradition. Local police authorities have received a wire from Chicago, asking that they be notified as soon as the extradition papers are completed, when they will send an officer to take charge of the accused.

## END OF BOLSHEVISM BELIEVED IN SIGHT

Washington, Oct. 12.—The end of Bolshevism in Russia is believed by officials of the State Department to be near enough to begin considering what will follow Soviet rule. The danger of anarchy and chaos in Russia following Bolshevism is real. It was said today by an official of the Department, who, however, expressed the belief that the Zemstvos have been so well organized that they will be able to maintain order until a new and stable government can be set up. General Wrangel is reported to be receiving considerable support from the population of the territory under his control in South Russia. Some officials advise as far as to indicate that if Bolshevism fails Wrangel may be called upon to organize a new Government.

## Whisky Smugglers Intercepted; One Shot Offering Resistance

Hurley, Wis., Oct. 12.—One man was killed when revenue men today intercepted four automobiles, said to have been carrying whisky, at Mercer. The officers opened fire on the cars when the occupants failed to heed signals to stop.

## National Cemeteries Urged By Veterans to Avoid Potter's Field

Establishment of national cemeteries throughout Canada for the burial and perpetual interment of old soldiers was urged on the Dominion Government today by the convention here of the Army and Navy Veterans in Canada.

"Where the Government have had to pay for the burial of soldiers, the case was handed to some undertaker, without the Government having any record of such burial, and in some cases veterans have been buried in five-year graves and their identity will be completely lost within a very short time," said the Montreal delegation, which brought up the question.

Comrade H. Colebourne, of Montreal, told how his unit had got money together just in time to save the bodies of soldiers and sailors as they were being taken from the morgue to McGill University for dissection there by students after the bodies have been soaked in the big pickling vat.

"One hundred dollars is not enough to pay respect to the bones of dead soldiers when we look around and see the extravagance of our Government," said Comrade Major Crehan, of Vancouver. "There are only five-year graves, and after that the bones of the man who fought for his country may be scattered to the winds and even his last resting place lost."

Should Have Graves, At Least. "We want national cemeteries throughout the Dominion where veterans can be buried at the expense of the Government," said Comrade Monckton, of Vancouver.

Comrade Col. Markham explained that in Vancouver they had set aside 300 graves for soldiers in the public cemetery. It was pointed out that at the last session of the Dominion House of Commons, the Pensions Act was amended to provide \$100 to pay the expenses of the last sickness and the burial of the pensioner under the Act.

"Small Model of Barren Earth." "Veterans who have fought for the Empire should not at their last extremity be denied three feet of the land for the defence of which they have fought," stated the resolution passed suggesting to the Government the advisability of establishing national cemeteries throughout the Dominion where the veterans of past wars can be buried at the expense of the Government.

The convention decided after discussion not to overdo the "comrade" appellations. It was proposed that the members, who gave members any titles other than "comrade" be fined for each offence, as so many members were getting themselves known by military titles that it did not seem a display of good comradeship. This proposal, however, was dropped without being set down on the records.

## Yos Bolshevistic.

"There is no rule of law or equity that will protect anyone" of saying another a compliment if he wants to by calling another by a title," said Comrade Major Crehan. "If I wish to call you major-general I have the right to call you that. There is too much calling a man a comrade and having your hand on the back of his neck."

"It is too much like Bolshevism," said Comrade Adderley, opposing the fine proposal. "People are looking more and more to the Army and Navy Veterans as a dignified body. This idea of comradeship brings us into ridicule."

(Continued on page 4.)

## France Now Suggests Exclusion of Germans at Brussels Conference

Paris, Oct. 12.—France, replying to the latest note of Earl Curzon, of Kedleston, British Secretary for Foreign Affairs, suggesting a Financial Conference, has proposed that such a Conference be held at Brussels, according to the Petit Parisien. She has stipulated, it is said, that all the Allied representatives should be members of the Reparation Commission and that the two German delegates be excluded from the meeting.

## THANKS DOMINIONS FOR RECEPTION TO PRINCE; KING GEORGE

London, Oct. 12.—(Canadian Associated Press)—The King has sent the following telegram to Governors of Dominions and states visited by the Prince of Wales on his recent Australasian tour:

"On the return home of the Prince of Wales I ask you to express to my representatives in and peoples of the Dominions and Colonies my heartfelt appreciation of the universal affection and loyal enthusiasm evinced toward him throughout his travels. These warm-hearted and spontaneous manifestations of regard for our eldest son have deeply touched the Queen and myself. We have followed with pride and admiration the triumphant success of his mission and all the more so when we recognized that these happy results are chiefly due to his own personality, to the buoyant and jovial spirit in which he has played his part, to his sense of duty and to the unstinting manner in which he has given of his best.

## MUST RESPECT HOLIDAYS

Both the Dominion holiday on Monday next and the Provincial holiday on October 20 must be respected in premises affected by the operations of the Weekly Holiday Act, it has been announced today by the police.

## CALDER LIKELY TO REMAIN IN CABINET

Western Rumor of Resignation Is Not Credited at Ottawa

Ottawa, Oct. 12.—(Canadian Press)—A rumor from the West that Hon. J. A. Calder, Minister of Immigration and Colonization, is shortly to drop out of the Government is not generally credited here. It is pointed out by those who believe that Mr. Calder fully intends to remain in the Government, that the Minister is to accompany the Premier on his speaking tour of the West and that he would not be likely to do this were he seriously considering an early retirement from public life. Mr. Calder's recent trip abroad to familiarize himself with the work of his Department overseas and to study matters relating to future movements of immigrants Canadian-ward is taken here as another indication that he intends to remain in the Government.

## HON. T. W. MCGARRY NEW PRESIDENT OF WHALEN PULP CO.

Toronto, Oct. 12.—Hon. T. W. McGarry, K.C., former provincial treasurer of Ontario, was elected president of the Whalen Pulp & Paper Mills, Ltd., at a directors' meeting here yesterday. The directors include James Whalen, chairman of the Board, Port Arthur; A. H. Douglas and Lawrence Kilham, Vancouver.

## MACKENZIE KING WAS HEARD BY LARGE CALGARY AUDIENCE

Calgary, Oct. 12.—More than 3,000 persons here last night heard Hon. W. L. Mackenzie King, leader of the Liberal Party, deliver an attack upon the Government as a Government of Orders-in-Council, government of reactions, which represented control of the interests, who denounced as revolutionaries all who dared to disagree with them. Mr. King outlined the policies of his party as the progressive party, and stated their aim, the chief of which was the installation of a representative Government. He dwelt upon his policy of retrenchment in public expenditure and the need of curbing the profiteering.

## PREMIER INVADERS EAST ELGIN CAMP

Staffordville, Ont., Oct. 12.—All preparations have been completed here for the visit of Premier Meighen and party this afternoon.

The demonstration planned is expected to eclipse anything of its kind ever held in East Elgin. The Premier and party will arrive in Aylmer about noon on a special train and after lunch there a nimbler motor car parade will proceed to this village.

## SAYS LABOR GROUP LACKING IN GINGER

Toronto, Oct. 12.—Major A. Macbride, M.P. for Bradford, Ont., who was in Toronto yesterday said that four Labor members of the Legislature would go to the cross benches with him at the next session if the Labor group did not become infused with more ginger.

## Preliminary Peace Covenant Is Signed By Riga Delegates

Armistice Between Polish and Russian Soviet Governments Was Signed To-day; Ukrainian Text Delayed Final Agreement; Note to Warsaw.

Riga, Oct. 12.—(Associated Press)—A preliminary peace treaty and armistice was signed by the Polish and Russian Soviet peace delegates here at 7.10 o'clock to-night.

Ukrainian Text.

Riga, Oct. 12.—(Associated Press)—Experts were engaged completing the Ukrainian text of the armistice and preliminary peace treaty between Poland and Russia and Ukraine. Completion of this work was the last preliminary to signature of the Convention, which was framed after twenty days of negotiations.

Both Adolf Joffe, head of the Russian Soviet peace mission, and M. Dombek, express satisfaction with the terms agreed upon. The Bolsheviks insist the preliminary treaty is much less favorable than the peace offered Poland last February and the failure of the Poles to have a financial settlement included in the preliminary convention has been regarded as a Soviet triumph. M. Joffe has had much experience at peace conferences, and the complete agreement reached by the members of the Soviet delegations gave the Bolshevik chairman an advantage from the first.

## STANDING CHANGED IN NEW BRUNSWICK

Fredericton, Oct. 12.—The pendulum in the changing returns of the election for New Brunswick's twelfth Legislature swung back toward the Government side this morning with the receipt of complete returns from Charlotte County, says The Gleaner to-day.

The count of the ballots at the Charlotte poll, which has been unavailable, shows the Government to have turned the tables there with the result that Chauncey Pollard, one of the "United Farmers" candidates, and J. M. Scovill, the leader on the Government ticket, are tied with 3,452 votes each. The sheriff's casting vote would give Mr. Scovill his election.

If the Government wins a seat in Charlotte County, it would make the standing Government 34; Opposition, 13; United Farmers, 7; Independent, 4.

## Coal Dealings of Public Utility Concerns Being Investigated

New York, Oct. 12.—While Commissioner of Public Markets O'Malley today was warning Mayor Hylan of "possible \$25 a ton coal this winter," Public Service Commissioner Nixon began an investigation of public utility concerns, some of which he charged with obtaining coal on Federal permits and then selling to others at a profit.

"Swedish and Canadian buyers are paying premiums for American coal," Commissioner O'Malley said. "They are taking all they can get at \$12 a ton, while the highest authorized price for domestic coal is \$8.75. The mills have developed a system of never having any coal at \$8.75. They quote all the higher prices you want to listen to."

## Council Meets, But No Action Taken on Sugar Situation

Ottawa, Oct. 12.—The Cabinet Council met this morning but no action has yet been taken in regard to the sugar situation.

Owing to a number of Ministers being absent from the city, attendance at the Council meeting was small and the proceedings were devoted entirely to routine matters. It is further unlikely that any important step will be taken during the absence of the Prime Minister from the city. Mr. Meighen will return to Ottawa from East-Elgin before he proceeds to the West.

Canadian refiners have urged operation of the anti-dumping clause to prevent the Canadian market from being flooded with cheap sugar from the United States.

## SHORTAGE OF CLERGYMEN IS DUE TO MEAGRE PAY

Winnipeg, Oct. 12.—In the shortage of clergymen, the scarcity of students for Holy Orders and the meagre remuneration which is now being paid in the Anglican fields, the Church of England faces a real danger of lapsing into inefficiency, according to the views expressed at the session of the Ecclesiastical Province of Rupert's Land here yesterday.

## RAILWAY EARNINGS.

Montreal, Oct. 12.—C. P. R. earnings for the week ending October 7, 1920, were \$5,358,000; increase, \$1,391,000.

## WHERE TO GO TO-NIGHT

Pantages—The White Circle.  
Variety—The Best of Luck.  
Columbia—The White Circle.  
Royal—The Penalty.  
Romano—Everything but the Truth.

## Events in Vienna.

Paris, Oct. 12.—France and Great Britain have decided to send a joint note to Poland advising moderation concerning the question of frontiers. According to The Petit Parisien, the newspaper asserts the note already has been sent to Warsaw.

Active exchange of views concerning the occupation of Vilna by Polish Lithuanian troops is proceeding, says The Echo de Paris, which declares they consider the responsibility of the Warsaw Government is not involved. The newspaper adds that the staff of the League of Nations is at the disposal of the League of Nations, in the opinion of Government officials.

## New Statute Proclaimed.

Warsaw, Oct. 12.—(Associated Press)—The new "central" law of Government at Vilna has proclaimed the creation of a new State, says a Lida dispatch.

The so-called Government has addressed a letter to the "central" Government at Vilna, asking that information be forwarded from time to time as occasion called for regarding the situation in Vilna, as such action as might be useful to put an end to the occupation of the city by General Zeligowski, the Polish insurgent commander.

## Council Meets, But No Action Taken on Sugar Situation

Ottawa, Oct. 12.—The Cabinet Council met this morning but no action has yet been taken in regard to the sugar situation.

Owing to a number of Ministers being absent from the city, attendance at the Council meeting was small and the proceedings were devoted entirely to routine matters. It is further unlikely that any important step will be taken during the absence of the Prime Minister from the city. Mr. Meighen will return to Ottawa from East-Elgin before he proceeds to the West.

Canadian refiners have urged operation of the anti-dumping clause to prevent the Canadian market from being flooded with cheap sugar from the United States.

## SHORTAGE OF CLERGYMEN IS DUE TO MEAGRE PAY

Winnipeg, Oct. 12.—In the shortage of clergymen, the scarcity of students for Holy Orders and the meagre remuneration which is now being paid in the Anglican fields, the Church of England faces a real danger of lapsing into inefficiency, according to the views expressed at the session of the Ecclesiastical Province of Rupert's Land here yesterday.

## Canadian Industrial Conference Next Year

Ottawa, Oct. 12.—(Canadian Press)—It is unlikely that Canada's second Industrial Conference, to cover the expenditures of which an appropriation was voted by Parliament last session, will be held before the early part of 1921. Preliminary plans for the gathering are now being considered, but with Hon. Gideon Robertson, Minister of Labor, likely to be absent from the Capital with the Tariff Commission until the end of November, it will be impossible to have final arrangements made before January.

## Spanish Bullfights Too Harrowing For Foreign Delegates

Madrid, Oct. 11.—The scenes of the Spanish bull fighting, which are being shown for a section of the foreign delegates to the International Postal Congress, now in session here, who attended the regular Sunday bull-fights yesterday and many of them found themselves obliged to leave before the fights were concluded.

## SENSATIONAL DROP IN WOOLLEN YARN

Ottawa, Oct. 12.—The retail price of Canadian woollen yarn made a sensational drop this week when the price of the cheapest grade came down from \$3.25 a pound to \$1.85. This is the first manufactured article to reflect the very low values of raw wool, although it is thought by woolen manufacturers here that goods by yard will soon be brought down by the action of the American manufacturers.

Drugs are also following the downward trend, turpentine having dropped a dollar and a quarter a gallon wholesale.

## LUMBER DEAL IN TERMINAL CITY

Vancouver, Oct. 12.—John S. Rankin reports that a \$750,000 transaction, involving sale of the Canadian Pacific Lumber Company assets, had been transacted in his office yesterday. The assets included properties at Port Moody, Alberni and elsewhere within the Province, also various licenses, water rights, free hold rights, etc. The purchaser was the London and Canadian Investment Company, through Eric Hamber.

## KING ALFONSO IS KEEN SPORTSMAN

Spanish Monarch Hunts the Chamois and Steers His Own Yacht

Santander, Spain, Oct. 12.—No fatigue or physical effort is too great for King Alfonso when he decides to go hunting the chamois in the Pico de Europa, as he did this year, after attending the horse races and personally steering his yacht to victory in the regatta at San Sebastian. This time, as an exception, he was accompanied by a number of women, who love hunting and who are connected by family ties with the Royal House, as well as by some of his personal sporting friends.

The party included the Queen, Princess Alice of Albany, the Infanta Luisa, Infanta Carlos, Prince and Princess de Bourbon, Lord Athlone, the Marquis and Marchioness de Villavieja, and a number of court functionaries of high rank.

The central point of the hunting is Pena Vieja, right in the heart of the Pico, and to reach the Royal Hunting box a very trying three or four hours' horseback ride is necessary. The distance from Camaleño, where the party mounts, is only twelve miles, but the ascent is sharp all the way and at places great care has to be taken in passing along narrow paths looking over abrupt precipices.

The site of the hunting box is Llorosa, at a height of 8,450 feet above sea level, and here has been built a miniature palace containing many modern comforts. At night it is always cold at this height and many of the mountain peaks are covered with eternal snow. Even during the day cool winds are constant.

Activity is the watchword during the King's short stay. Everybody must have breakfasted and be ready to start at seven in the morning for the higher peaks, where the chamois is found. All the hunters are provided with ropes in case of danger in passing the deep precipices, on the edges of which the chamois generally is found. Great agility is requisite once the game has been marked. The small animals are usually noticed at a long distance like small black dots leaping from point to point. Shooting has to be extremely accurate, and as a rule, many shots are expended on one animal as he dashes headlong among the rocks.

Sometimes a mountain mist arises and then shooting is almost useless, while it causes the hunters to separate and oftentimes to get lost in the mountains, where parties of miners who are numerous in the district search for them.

However, Alfonso was this year lucky as regards weather, and each day the Royal Party brought back to the hunting box on the backs of donkeys a considerable bag of game.

Notwithstanding the strenuousness of the day's work, the King was always ready the following morning to start out again at an early hour, sometimes, however, leaving various members of the party behind.

## LADYSMITH NOTES.

Ladysmith, Oct. 11.—The contract for the interior decoration of the new hall at the First Presbyterian Church has been let. The finish is to be of Beaver board with panel effect and will be completed by the Big Thanksgiving Supper to be held on the evening of October 13.

The Ladies' Chapter of the Daughters of the Empire are holding a "Hallowe'en" dance in Goudie Hall in aid of the War Memorial Fund on the night of October 23.

Mrs. Dixon, who has been a resident of this city for the past number of years, has left for Vancouver where she will reside in future. Before leaving for her new home Mrs. Dixon was presented with a hand-painted piece of china by members of the local W.C.T.U., of which Mrs. Dixon has been an active member.

Mr. and Mrs. Gourlay left for Vancouver, where they will spend a few days visiting old friends in that city.

## PLATTSBURG GREAT SMUGGLING CENTRE

Town on Lake Champlain Said to Be Hub of Bootlegging Campaign

New York, Oct. 12.—(By Canadian Press.)—The town of Plattsburg, on Lake Champlain, at the Canadian border, about sixty miles from Montreal, is the scene of one of the most extensive bootlegging campaigns in the United States, according to The New York World, whose investigator has been up this way getting a general idea of "hooch" conditions.

So flagrant and widespread is the violation of the Prohibition law and, infinitely more serious for the offenders, the law against smuggling, that a prominent citizen of Plattsburg, in a position to know, told The World reporter that it was conservative to estimate that every night 100 cases of bonded Canadian whiskey and gin are brought into the United States through this town.

The fact that this choice stock can be bought at Montreal for from \$2.50 to \$4 a quart and can be sold at from \$8 to \$15 a quart in the United States explains why a number of Plattsburg youths who have hitherto lived most impeccably are now sporting natty clothing and silk shirts and are carrying away from \$50 to \$1,000 in cash, the investigator says.

One man admitted to The World reporter that before Prohibition became effective he had earned \$15 a week as a teamster. Now, he boasted, his income ranges from \$50 to \$150 a week. And, aside from risking arrest and imprisonment, he asserted, he lived an entirely happy, carefree life. He explained, however, that as a precaution he pretended to work at a soft job.

"How do they get away with this bootlegging?" The World says the answer is simple and offers this explanation: There are at least fifty roads from Canada leading into the United States through Plattsburg, and there are only about fifteen United States customs officials to guard these fifty or more bootlegging trails.

"Then, in addition to the fifty or more thoroughfares, some of them mere cowpaths through the woods, there is Lake Champlain."

Yet in spite of the obvious difficulty in trapping the crafty and even desperate characters who ply the trade, customs officials in and about Plattsburg have been averaging four arrests a week. The prisoners are arraigned before a United States Commissioner and are usually charged with smuggling. Occasionally a charge of violating the Volstead Act is added.

"When the men are brought to trial before a Federal Judge, however, it is the plea of guilty and they are dismissed upon payment of a fine, \$500 to \$1,000. This, according to one of the bootleggers, is not a severe penalty, as the 'gang' can easily raise as much as \$2,000 if necessary."

Plattsburg has a population of 15,000.

## RAILWAY CONSTRUCTION IN UNITED KINGDOM

London, Oct. 12.—(By Canadian Press.)—New railway construction in Great Britain includes the building and laying of the River Severn at Beccles by the Great Western Railway at a cost of between £5,000,000 and £7,000,000; the construction of a three-arch bridge at Newport, to cost £250,000; and the building of an experimental section of the Kearns High Speed Railway between Brighton and Rottingdean. It is intended to extend the line later on to Newhaven Harbour.

The section of Edinburgh from Pilgrimage to Liberton is to be electrified at a cost of £495,700.

The street railway tracks in Blackpool will be relaid at a cost of £254,000.

## SULPHITE DISCOVERY.

Viceroy, Sask., Oct. 12.—Sodium sulphite has been discovered north of here, and a number of claims have been staked. Analysis of the mineral by the Government analyst gives a return of 98 per cent. pure sodium sulphite, exactly the same return as the Ceylon deposit. A syndicate has been formed to develop the property, and there are thousands of tons of the mineral in sight.

## A Constipation Cure Sold on Guarantee

Dr. Hamilton Says His Remedy Never Fails to Cure Quickly

Mine is a marvellous remedy. There are others, but not one possesses the peculiar merit so prominent in mine.

With my remedy I guarantee to cure constipation in five days. I also guarantee to prevent it. My preparation, which is in pill form, gives tone and regularity to the bowels and quickly rid the system of effete matter, accumulations of bile and other injurious results of constipation.

I call my pills Dr. Hamilton's. I am sure they are safe because composed of such health-giving vegetable extracts as Mandrake, Butternut, Hyoscine and Dandelion. My pills are not harsh or drastic. They cause no pain, no distress; they are prescribed by physicians for their mildness and certainty to cure.

For women and children I know of no better medicine for keeping the system healthy. For men they are perfect.

I have proved their merit in biliousness, constipation and headache, and can strongly recommend them in these troubles. My personal guarantee stands behind every box of Dr. Hamilton's Pills. I select my remedy. Every dealer sells Dr. Hamilton's Pills of Mandrake and Butternut 25c. per box.

## NO EXPERIENCE NECESSARY

The idea that bread making is a long and difficult operation is a mistake, as bread may now be included in the list of quickly prepared foods, for with

## ROYAL YEAST CAKES

light, sweet bread can be baked and ready for use within four hours from the time the sponge is set. Full detailed instructions are contained in Royal Yeast Bake Book which will be sent free upon request.

## COWICHAN HEALTH CENTRE IS BUSY

Duncan, Oct. 11.—The newly established health centre for the Cowichan electoral district has made an excellent start, and the two public health nurses, Miss E. Hall and Miss H. A. Barker, have been very busy. Their report from August 18 to September 30 is as follows:

Number of nursing visits, 19.  
Number of instructive visits, 11.  
Number of school children examined, 64.  
Number of school children found needing medical or dental care, or both, 33.  
Number of home school visits paid, 10.

Places visited: Duncan, Chemainus, Somers, Westholme, Crofton, Cowichan Station, Cobble Hill, Shawigan Lake, Maple Bay, Glenora.

Number of miles traveled by car, 350.  
Car expenses, including garage rent, \$29.20.

At the Duncan Consolidated and High Schools the children who stay for the noon hour can be served with hot chocolate.

P. L. Norah Dwyer, Forget-Me-Not Patrol, and P. L. Kate Lamont, Bulrush Patrol, have passed the test for the "Domestic Service" badge.

At an informal meeting held on October 10 it was definitely decided to start senior guides. Another meeting to discuss the matter more fully and to elect officers will be held at Miss Denny's house on October 17.

The Girl Guides of the whole of the Cowichan Electoral District are now under one commissioner. It is hoped that this move will bring the girls closer together and help them in many ways.

## GREAT OVATION TO PRINCE IN LONDON

London, Oct. 12.—The Prince of Wales made a triumphant arrival in London yesterday. The Prince traveled from Portsmouth in the Royal train with his brothers, the Duke of York and Prince Henry, and received an ovation from great crowds throughout his journey.

Victoria station, where they arrived, was profusely decorated, and large banners bore the words "Well done" and "Welcome home." The King and Queen, Princess Mary and the Dowager Queen Alexandra, other members of the Royal family, Lloyd George, several members of the Cabinet and other distinguished personages were at the station. The Prince with his brothers, descended by Buckingham Palace in the carriage with a mounted escort along streets blazing with flags and bunting and overflowing with crowds which had been gathering since early morning. Everywhere he was given a tumultuous reception.

## ELEVEN-CENT SUGAR SOON IS FORECAST

Toronto, Oct. 12.—Eleven-cent sugar within a year is the forecast of William Robertson, of Robertson Brothers, wholesale confectioners, this city, made to-day.

"There appear to be lots of second-hand sugar around yet," Mr. Robertson is quoted as saying. "We have been able to get it at less than the price of American sugar laid down in Toronto."

Granulated sugar by October 20 will drop to 17 cents a pound wholesale, perhaps 15 cents, according to Mr. Robertson, who is a recognized sugar expert. By that date the sugar beet crop will be on the market. The refiners, he said, would simply be forced to meet American prices in order to get rid of their refined stock and be able to handle the beet crop.

## OFFICERS TOURING WEST ADDRESSING THE BLIND

Winnipeg, Oct. 12.—L. M. Wood and Captain E. A. Baker, M. C. of the Canadian National Institute for the Blind, who are making a tour of the West in the interest of the institute, have left Winnipeg for Saskatoon.

Great interest has been aroused in the work of the blind through the addresses delivered by them before clubs and other organizations in Winnipeg. Next week, Mr. Wood and Captain Baker give addresses at Saskatoon and Regina, after which they are proceeding to British Columbia.

## MANY TONGUES IN INDIA.

Calcutta, Oct. 12.—In a recent survey of the different tongues spoken by the natives of British India, 179 languages and 54 dialects have been described and classified, says the newspaper Englishman.

## POPULAR AUTHORESS SPEAKS HERE FOR PROHIBITION PARTY

Talented Address Delivered By Mrs. Nellie McClung to Audience of 1,000

Addressing an audience that packed the First Presbyterian Church to the last seats in the gallery last night, Mrs. Nellie McClung, the eminent Western authoress, assisted the campaign for the Victoria prohibition workers with one of the most concise and well delivered addresses that has yet been heard in this city on any topic.

The occasion was that of a mass meeting held under the auspices of the Victoria Prohibition Movement, with J. M. Graham in the chair. In addition to the platform party consisted of Mrs. Nellie McClung, Mrs. Margaret Jenkins, Mrs. J. W. de B. Farris, Harold A. Beckwith, president, and the Rev. J. Gibson Inkster.

The well-known authoress was introduced to the meeting by the chairman in a few well chosen words. He recalled the first visit of Mrs. McClung, when she came to Victoria on behalf of the Educational Department of the Alberta Government to ask for lady teachers, while the Province of Alberta had been in dire need of educational help. In opening her address Mrs. McClung referred to that visit and tendered the thanks of the Alberta Government for the assistance rendered on that occasion by the ladies of Victoria.

Speaking on the subject of "Government Control and Sale versus Prohibition," the authoress arrayed convincing procession of arguments in favor of her cause, speaking rather from a wider and broader standpoint than the solitary issue implied. Mrs. McClung favored any scheme that would abolish in all countries the "habit of drinking." She said in part:

"I speak to you to-night on a question that is at once delicate and complete with feeling, and one in which meetings are best that develop light without heat. The liquor matter is a troublesome one, and it is with encouragement to our hearts that we notice the increased tendency to temperance, which is growing in the Dominion."

Man versus Brute.

"To show you what we encountered in the former days of this movement against the liquor habit, I will tell you of one instance that still stands out in my memory. We approached a premier of one of the Provinces and asked him to aid us in abolishing the bar. This is what he said: 'The bar is one of our social institutions, and it is only in our social gatherings that the Man is to be distinguished from the brute.'"

"Then there is another case that

occurred on the insurance records of those bygone days—a Quaker, total abstainer, approached an insurance company to have his life insured. The officials of the company had to call a special meeting to determine his status, and if he would be a fair risk. They finally admitted his claim to life insurance, but at a rate of ten per cent above the ordinary figure for the average man of that time. He lived to 87 years.

"Insurance records of 40-day prove beyond the shadow of a doubt that total abstainers have the best chance of longevity, as they are seen less frequently in the lists of those 'expected to die' and of those who are only expected to go on living on their own responsibility," as it were.

"Again let me tell you, friends, that Dr. King, perhaps one of the cleverest surgeons of to-day, and head of the International Society of Surgeons, stated recently that any doctor who prescribed liquor in even small quantities must know that he was going against the science of his profession (applause)."

Abolished The Ward.

"In one psycho-pathetic ward of one of the well known Alberta hospitals over 500 cases were treated from alcoholic causes in the year prior to Prohibition, while after Prohibition was enforced that percentage dropped to one per annum, while later that ward was found unnecessary and abolished entirely.

"In the house of correction in Philadelphia no less than 4,000 inmates were observed in one year prior to the bone dry law in the state, while after that date the number of inmates dropped to but 400. Let me tell you that it is authoritatively estimated that the percentage of crime due to the liquor habit is over 75 per cent.

"I believe Prohibition properly enforced has strong economic arguments in its favor. If it is 'dollars and cents' that appeal to you, and for that reason, let me tell you that a 'piece of good business' it cost the Province of Alberta \$125,000 to find, try and hang one murderer that committed his crime while under the influence of the liquor habit, and if it is to be 'dollars and cents' that should appeal to you as a pretty good reason for Prohibition.

Dislike Work.

"Half the trouble of the liquor habit coarsens, I believe, from the fact that humanity does not like work and I believe that if a serum could be injected into the brains of humanity to make it like work, some 90 per cent of our problems would be ready solved. It is pathetically true that we have now a Canadian people that would for the sake of money (coin) the tears of their children, and that is why we have the bootlegger."

"I tremble to think what will happen if you allow—people of B. C.—if you allow your Province to be some one of the 'West Spine of the Dominion.' There are 5,500 people in the Peace River district, and they are all anxious to come to your beautiful cities. It will be a shame if they come to learn the ways of the drink habit."

"Remember that a government is truly representative, and the trouble with your government is that they are too representative of the lawless we elect them to office. The way get prohibition is to think it and talk it in your very hearts. Remember that a 'control of liquor' government is a liquor controlled government, and it will be the fault of the whole Province of B. C. if you allow yourself to have a liquor controlled government."

Stimulus of Exhilaration.

"There is perhaps also a psychological reason for the liquor habit—that makes it all the more difficult for the solution of the problem. Humanity likes exhilaration, we all like a good time, but some of the people forget that the exhilaration they may get from the 'black bottle' is of the kind that makes it impossible to reproduce that exhilaration without the aid and recurring use of that 'black bottle.'"

"I am really sorry for the old drinker—he has formed the habit and cannot get along without it—but what are we going to do, are we to allow our children to be sacrificed for the sake of the old drinker? (Cries of "No, no," and applause.) Remember one of our most sacred duties is the care and protection of our children, the sanctity of the home, and all that, but it is our children that have first claim on us, and we cannot afford to sacrifice them on the plea that the 'country is hard up' and needs the money 'revenue' from the very souls of our growing generation."

Mrs. McClung here branched out into a clear-cut talk on the downfall of wayward girls, which she held was due in the first instance always to a drink of liquor, offered to the shame of the people who allowed such a state of affairs.

Force Is Futile.

"One of the lessons that we should have learned from the war is that force is futile," resumed the speaker, "and one of the sayings of our opponents is that we are trying to force prohibition on those that want it. I am here to state that that is not so—we want the will of the majority. Majority rule is what we should have learned from the lessons of the war."

"But, like the pupil that caused his professor to say that he had been 'exposed' to his studies but had not 'taken' them, we have not taken the lesson of the war. Many of the parents who were willing to sacrifice sons in the war are not willing to sacrifice their 'liberty' or 'comforts' in the cause of humanity."

"I think a referendum is the most democratic form of settlement of any problem possible, and when the referendum comes let us hope that your Province will not shame itself forever in the eyes of our children. Remember a 'control of liquor' government is a liquor-controlled government."

On the conclusion of her address, Mrs. Nellie McClung was accorded an ovation. Mr. Beckwith closed the meeting with a few well-chosen remarks, in which he paid high tribute to the talent of the well-known authoress and thanked her for her colorful address on the topic of the day—Prohibition.

Some hymns and a prayer from the Rev. Gibson Inkster closed the proceedings.

DROUGHT BROKEN

IN AUSTRALIA

Sydney, N.S.W., Oct. 12.—(By Canadian Press.)—Prolonged drought throughout New South Wales, and the drought has been definitely broken. Practically the whole of Australia was benefited by the rainfall, and there is every prospect for large crops. The wheat areas have benefited materially, and agriculturists are planting what promises to be a record wheat area for Australia.

## WILL HERBS KEEP US HEALTHY-- TESTS PROVE IT

Proof of Positive Cures; the True Stories of People Treated With Natural Herb Juices

Beyond all comparison with drug or alcoholic remedies, the curing powers of natural herb juices have done the utmost good to the human race. Most ailments to which people are subject can be traced to stomach disorders, and where impurity of blood exists, it is due to imperfect nourishment given the blood through lack of proper digestion of the food received by the stomach. Dieting, where possible, will accomplish wonders. The principle is getting the blood right by putting the stomach right.

The new successful method of feeding the blood in a perfectly natural and harmless way through the action of the stomach is the outcome of long investigation into the curing properties of herb juices, and results obtained from the formula of a great Scotch herbalist are to-day causing intense public interest.

This pure composition of juices extracted from herbs is now being sold at most drug stores throughout the Province in the form of Wonder Health Restorer. Testimonials reach the distributors daily from people who owe to this marvelous remedy relief from the most widely varied diseases.

Wonder Health Restorer acts on the blood, through the digestive action of the stomach and reaches the organ of complaint through the blood. Thus Rheumatism, Stomach Disorders, Kidney Troubles and kindred diseases are afforded permanent relief, and in case of the air passages, lung and bronchial, the work done by Wonder Health Restorer is miraculous. Your druggist has a descriptive booklet in which the health properties of natural herb juices contained in Wonder Health Restorer are described.

Wonder Health Restorer may be obtained in Victoria at the Pharmacy, Marryfield & Dack (all stores), Fernwood Pharmacy, Reilly's Drug Store, Clearview's Drug Store, in Esquimalt at Lang's Drug Store, and at most drug stores throughout the Province, or send direct to the distributors, W. Y. McCarter-Burr Co., Ltd., 646 Hillside Avenue, Victoria, B.C. (Phone 956).

## TO USE GOLF LINKS MONEY FOR PAVING

To Utilize Funds Voted For Ill-fated Project to Pave Esquimalt Road

Alderman W. J. Sargent handed another of his surprise packets to the City Council last night when he proposed that the money voted at the beginning of the year for the establishment of a municipal golf course—money which the aldermen had forgotten long ago—be used for the paving of Esquimalt Road. A proposition based on this suggestion is to be considered further and, if the Provincial Government will agree to forward the work, the badly-needed paving probably will be laid this winter.

City Engineer F. M. Preston informed the Council that it would cost about \$15,000 to reconstruct the road. The work on Lime Street, however, would have to be done again when permanent paving was laid. The asphaltic concrete surface, like that on Oak Street, would be of a temporary nature. If permanent work were done on Lime and Catherine Streets, the total cost of the work would be \$25,000.

Alderman Sargent advised against a local improvement scheme which would load down owners of properties along Esquimalt Road with local improvement taxes. If such a scheme were adopted, he warned, these properties in a few years would be sold at tax sales and would revert to the city as other properties in other districts were doing. If the Government could be persuaded to pay half the paving costs, he pointed out, the city's share of the expense would be \$7,500. As \$6,000, voted for the golf links, was available, it would be necessary only to raise something over \$1,000. The alderman, therefore, moved that the matter be referred to the Finance Committee and City Controller to devise a means of carrying out the project, and to the Mayor, the chairman of the Streets Committee and the City Engineer to interview the Provincial Government with the object of securing financial aid.

"I second the motion most heartily," exclaimed Alderman Todd, recalling the fate of his celebrated motion which urged that all re-paving be done out of general revenue. "I'm glad to see Alderman Sargent's change of heart."

The Sargent motion was carried without opposition.

## CONSIDER STREET LINES RE-SURVEY

Esquimalt Council Foresees Trouble in Future If Accurate Maps Not Obtained

The Esquimalt Council last night held a committee meeting and discussed a project, submitted by Surveyor Bateman Hutchinson, which, if adopted, will in time overcome the street lines tangle which at present exists in the municipality.

The scheme is to submit for Legislative approval a new map of the municipality, have it endorsed as official under the Official Maps Act, and afterwards, from year to year as funds may be available for current expenses, have the street lines accurately marked by piecemeal surveys, somewhat similarly to the manner in which the new surveys of streets south of Constance Cove have been carried out during the past Summer months.

In the course of a general round table discussion, Reeve Lockley said that it was his firm opinion that no Council would ever be able to get the ratemakers to vote a money-by-law for the work. "And yet it is a work that absolutely must be done. The longer it is put off the greater looms the task," he said.

Ratemakers Responsible.

"If the ratemakers were to turn a re-survey by-law down, at least they would take the responsibility for any later trouble of Council shoulders, but perhaps our best course will be to leave the matter for the consideration of next year's Council, a course I personally would not favor as a general practice, but we have not the money this year for the purpose," said the Reeve.

Councillor Bridle remarked that personally he was satisfied with the lines of his property, as they had been laid by Mr. Devereaux some years ago. Reeve Lockley retorted: "No two surveyors would give you or any other property owner the same lines if your present monuments were removed. It is owing to the work of individual surveyors that we have come to this impasse."

A Government Job.

Councillor Pomeroy declared that it was the fault of the Provincial Government that much of the trouble had come into being, and maintained that the Provincial Government should pay for the cost of rectification of mistakes of policy made in the past, before Esquimalt became a municipality.

Councillor Anderson reminded his colleagues that when the municipality became an entity, it took over, with self-government, the whole of the liabilities up to that time shouldered in the district by the Province, and had little chance of getting any suitable relief.

Councillor Mesher called to mind the conditions prevailing in Victoria West prior to the passage, some years ago, of a special Act rectifying matters. "Conditions there were just as bad, we've had our example for years past, and to my personal knowledge

we have discussed this matter at no less than seven different Councils and always left it as too difficult. I'm glad to think that at last we may be going to do something before things are any worse," he said.

Councillor Anderson pointed to the difficulties being experienced in providing accurate lines for the public utilities such as the water mains and the telephone lines, and after some further discussion the whole matter was laid on the table until next week, when the regular session of the Council will consider the proposal further.

after Surveyor Hutchinson has made some explanations of minor points in the scheme.

IT ALWAYS WORKS.

"Why don't you buy something at my table?" inquired a fair stallholder, at the church bazaar sale. "Because I only buy from the plain girls," said the man. "They have a harder time selling things." The girl smiled, and he went on, working the same excuse all down the line.

## Don't Risk Losing A Week's Pay

TO-DAY the struggle to meet constantly increasing expenses, requires the full earning power of nearly every working man and woman.

A week's pay can easily be lost through heavy colds, a touch of Bronchitis, or La Grippe; usually the evil after-effects of wet feet, exposure to rain or sleet, a long cold drive, or auto ride, etc.

Take no chances whenever you come home chilled, but take at once, and again at bed-time, a teaspoonful of PERRY DAVIS PAINKILLER in a glass of hot sweetened water or milk, and thus ward off the discomfort and expense of such attacks.

PAINKILLER acts promptly, warms and overcomes the depressed feeling which comes with a chill to the blood. It is equally valuable for acute attacks of cramps and colic in the stomach and bowels, generally accompanied with great pain, diarrhoea, and a feeling of collapse. A chill to the stomach from sleeping uncovered, or unwise eating brings on such attacks. The quick relief afforded by PAINKILLER justifies its name.

Frequently wet feet bring on, with children sore throat and slight croupy colds. For these, wrap around a piece of flannel in a cup of hot water to which has been added a teaspoonful of PAINKILLER, wrap around the child's throat at bed time, and cover with another flannel cloth. The warmth and drawing power of PAINKILLER soothes, induces sleep, and counteracts the inflammation. Many a mother has been spared a sleepless night for herself and her child by this simple and effective home treatment.

PAINKILLER is also valuable as a liniment for Sprains, Bruises, Insect Bites, Stings, etc.

PERRY DAVIS PAINKILLER has been on the market for over seventy-five (75) years. It is used in nearly every country on the globe by thousands of families of every race for the purposes described above.

Every family and every traveller will do well to have always on hand a bottle of this reliable household medicinal preparation.

Regular size bottles ..... \$0.50  
New large family size ..... 1.00

Prepared only by DAVIS & LAWRENCE COMPANY  
Manufacturing Chemists NEW YORK and MONTREAL

## Make This Test

See how teeth glisten then

All statements approved by authorities

This ten-day test costs nothing. To millions it has brought a new era in teeth cleaning. This is to urge that you try this method. Then let your own teeth show you what it means to you and yours.

### To fight the film

The object is to fight the film which causes most tooth troubles. Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. The old methods of brushing do not end it. So, despite all care, tooth troubles have been constantly increasing.

It is the film-coat that discolors, not the teeth. And nearly all teeth brushed in old ways are coated more or less.

Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. And that disease has become alarming in extent.

**Pepsodent** CANADA  
REG. IN  
The New-Day Dentifrice

A scientific film combatant, combined with two other modern requisites. Now advised for daily use by leading dentists everywhere. Supplied by druggists in large tubes.

### A daily combatant

Dental science has now found ways to daily combat this film. For five years the methods have been carefully watched and proved. Now leading dentists everywhere advise them.

These methods are embodied in a dentifrice called Pepsodent. Millions now know it and employ it. Wherever you look the results are seen in gleaming teeth today.

### Acts in five ways

One ingredient in Pepsodent is pepsin. Another multiplies the starch digestant in the saliva to digest starch deposits that cling. The alkalinity of the saliva is multiplied also. That to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere.

With every application, Pepsodent combats the teeth's great enemies in new and efficient ways. To millions, it is bringing cleaner, safer, whiter teeth.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

This test will be a revelation. Make it now. Cut out the coupon so you won't forget.

# JURISDICTION IS QUESTIONED IN LOTTERY CHARGE

E. A. Morris, Ltd., Charged  
Yesterday With Operating  
Illegal Drawing

After being adjourned from week to week ever since last June, Magistrate Jay yesterday afternoon, in the city police court, heard the evidence in the charge against E. A. Morris, Limited, that they did "unlawfully conduct a scheme for the purpose of determining who, or the holders of what tickets, were the winners of property proposed to be given by a mode of chance," and adjourned the case until next Tuesday to allow the quotation of authorities by City Prosecutor Harrison, as he was inclined to consider that the charge was not one which came within his jurisdiction.

There was no dispute as to the facts of the case, and the presentation of the evidence was formal, and for the purpose of placing it on the record. Chief of Police Langley and Detective Macdonald told of having made purchases of tobacco at the Government Street store, of which the salesman said, "Keep them, they may prove of value to you." There was no intimation that the making of the purchases was with the object of getting a chance, the tickets were given in the same manner as the box of matches which also accompanied the goods purchased, a bonus to develop good feeling and help trade.

City Prosecutor Harrison put Mr. Morris in the witness box, and he said that, as manager of the company, he frequently made the selection of the winning numbers when at the Vancouver head office of the firm, where this part of the proceedings was done.

The selection was made after the Victoria store had sent over the regular bi-weekly report of the number of tickets issued, and after a list of prizes had been selected for the next week's awards.

Mr. Morris simply wrote down at his headquarters a series of numbers within the limit of the report before him, and that composed the winning list. "Someone has to set those prizes, I would rather not know who actually did get them. They are my friends and customers, and that is the fairest way I can think of to make a distribution. I had no idea that the scheme would be questioned or might be illegal," he said.

Claims No Jurisdiction.  
For the defence, Frank Higgins, K. C., said the complaint was as to the system of determining who, or the winners of the prizes, and as that did not occur in this city he claimed that Magistrate Jay had no jurisdiction.

Prosecutor Harrison said that the charge was that a scheme was conducted, and that a part of that scheme was the essential act of handing out tickets, here in Victoria. While the charge involved action in two places, the common sense argument was that a prosecution could successfully be carried through in either place of offence.

Mr. Higgins cited legal opinions to the effect that there must be three essential elements to comprise a lottery, the being of consideration, prize and chance. "These three factors do not exist together in this case, as the tickets are gratuitous no one draws for the prizes, and the recipients of the free tickets don't take a chance."

Cessation Cause No Loss.  
Magistrate Jay commented: "Apparently there is no obligation to Morris to assign any numbers if he wishes to discontinue, no one would suffer loss."

Mr. Morris stated that, according to the records of the past few months' business, there had been no diminution in patronage since the discontinuation of the prize giving, and therefore the distribution had been, to all intents, a profit-sharing scheme, apparently of little value as a business getter, but a means of giving valuable prizes to a number of customers twice a month.

## BRINE TEST FOR EGGS IS USED IN POLICE COURT CASE

Joseph Rylands, of the Rockside Poultry Farm, was yesterday afternoon charged in the city police court with selling eggs unfit for human consumption, the complaint being made by T. M. Miller as a result of his experience with the first of a dozen purchased, the balance being brought into court and used by Dr. A. G. Price, City Health Officer, for demonstration purposes in the case.

J. R. Green appeared for Mr. Rylands, and asked for a remand, as the accused was out of town. This was granted until to-morrow morning.

Taking saline solutions of three strengths, Dr. Price showed that fresh eggs only a few days old would sink in the strongest liquid, while some of the examples before the court floated in the weakest brine used. This he claimed to prove that the eggs were decomposing, the air cells were larger than should be and in fact, the eggs were bad. To prove this he broke one of them into a dish and submitted it to Magistrate Jay for his own evidence, proving his argument with complete success.

Asked as to the possibility of ordinary persons knowing whether eggs purchased were good, Dr. Price said that candling was easily practicable, and in fact should be practised by all merchants handling eggs before they put the goods on sale.

## WOMEN VOTERS IN U.S.A. NUMBER MANY MILLIONS

Washington, Oct. 12.—Figures compiled by the census bureau and other government departments indicate that the number of women in the United States over 21 years of age is 28,935,000 of whom approximately 26,500,000 are eligible to vote in the November election. This estimate makes a liberal allowance for alien women, American women married to aliens and others ineligible.

Exact figures are not available on the number of women over 21 but barred from voting through various reasons. Census Bureau officials believe, however, that "the year at least 1,000,000 of the 2,250,000 foreign-born women in the United States will not yet have become naturalized. In addition there were in 1919, according to the census about 60,000 Indian women most of whom were living on reservations, 8,807 Chinese and Japanese women ineligible to vote, a comparatively small number of American women married to aliens and barred from voting for that reason and a large number deprived of the ballot under state statutes in harmony with constitutional provisions. The total of these ineligible women was estimated at about 1,500,000.

American women married to aliens are not entitled to vote, the Department of Justice has held, but foreign-born women married to American citizens or whose fathers have become American citizens are entitled to the ballot without naturalization proceedings. The number of eligible male voters in the United States this year has not been determined. Based on an estimated population of 145,000,000, however, the census bureau figured that there are now 34,807,000 men in the United States over 21 years of age of whom probably 31,500,000 would be entitled to vote in November.

## Social Personal

Complimentary to Mrs. E. M. Love, whose marriage will take place shortly, Mrs. Albert F. Griffith entertained at a "ladies shower" yesterday afternoon at her residence, 3002 Avenue. Mrs. Charles F. Rhodes and Mrs. Blackwood presided over the tea-table, which was charmingly arranged with pink anemones and maidenhair fern. The dainty gifts were presented in a novel manner, being suspended from a string across the room, and presented to the guest of honor on her arrival. Only intimate friends of the bride-elect were present, including Mrs. R. H. Mayhew, Mrs. Andrew Wright, Mrs. Kitchin, Mrs. C. N. Silsby, Mrs. J. L. Ray, Mrs. H. S. Heisterman, Mrs. C. Rhodes, Mrs. Blackwood, Miss Kathleen Hall, Miss Agnew, Mrs. C. W. King, Mrs. King, Mrs. W. L. Wilson, Miss Watson, Mrs. Gibson, Mrs. Cecil Roberts, Mrs. Dennis Cox and Mrs. Lennox.

The home of Mrs. R. A. Walker at Antler, Sask., was the scene of a pretty wedding recently, when her eldest daughter, Gertrude M. Walker, became the bride of Harry W. Ralston, ex-sergeant, 15th Battalion, C.B.F. The ceremony was performed by the Rev. A. Robertson in the presence of the immediate relatives of the contracting parties. The bride was attired in ivory tulle and carried a bouquet of lily-of-the-valleys. She was attended by her sister, Miss Ora M. Walker. The bridegroom was supported by Gordon B. Walker, brother of the bride, and Miss Alma Walker, the bride's youngest sister, played the nuptial music. The ceremony took place under an arch of greenery interspersed with chrysanthemums, which blooms were used profusely in the effective scheme of decoration in the reception rooms. After the ceremony a delicious repast was served. The bride was the recipient of many handsome gifts of cut glass, silver and china. The happy couple left for their new home at Antler, Sask., on the evening for Victoria where they will reside and where the bride has a host of friends, having resided here for many years.

The marriage took place at St. John's Church, Vancouver, on Thursday, October 7, of Eleanor Mary Moore, daughter of the late George W. A. Moore and Mrs. Moore, of Quebec, Ont., to Cecil Rice, B.A., son of the late Mr. and Mrs. Alfred Tice, of Ripley, Surrey, England, and member of the staff of the Provincial Department of Agriculture, Victoria. Rev. O. J. Nurse performed the ceremony.

R. F. Green, M. P., and Mrs. Green, accompanied by Mr. and Mrs. R. H. Green, Mr. J. C. Holmes and Miss McDonald, left last night for the matrimonial en route for Kaslo. They will make an automobile tour of the Kootenays before returning to the city.

Miss Dorothy Dorrell, of Victoria, who left last week for Moose Jaw to visit her sister, spent several days in Vancouver en route. She was among the guests of a shower given by Mrs. Charles Delbridge, Napier Street, in honor of Miss Hazel Delbridge, of Moose Jaw, a bride-elect.

Professor P. Leslie, M. A., B. Sc., head of the department of forestry at the University of Alberta, Edmonton, for the greater part of the Summer has been touring through Canada securing first hand information on Canadian forests and forestry methods. He is now in Vancouver, where he will lecture to-night.

Prairie visitors at the Dominion Hotel include Mrs. G. D. McKay and Mrs. J. E. Currie, Winnipeg; Col. J. Drummond, of Regina; Mrs. Drummond, of Calgary; B. Metcalfe and Mrs. Metcalfe, of Lethbridge, and George Campbell, of Regina.

H. Schramm, manager of the Grande Hotel des Wagon-Lits, Peking, China, arrived yesterday on the Empress of Asia from the Orient and will stay with his family at the Empress Hotel for some time.

Miss Zina, T. Stevens, of Calgary, who is visiting in Victoria, left for Seattle yesterday morning. She is accompanied by her sister, Mrs. J. E. Stevens, who is also visiting in Victoria.

Mr. and Mrs. W. F. Young, of Kamloops, B. C., arrived in Victoria yesterday morning. They are registered at the Empress Hotel.

To celebrate the birthday of her little niece Louise Greive, Mrs. J. Dischay, entertained with a party of young folks at her home, in Colwood on Saturday a delightful time being enjoyed.

B. C. Robinson and Mrs. Robinson, of Dauphin, and B. T. Richardson, of Spalding, and R. Garrook, of Portage La Prairie, Manitoba, are staying at the Strathcona Hotel.

Mr. and Mrs. G. A. Pentreath, of Hongkong, are registered at the Empress Hotel. They arrived on the Empress of Asia yesterday.

Mrs. Cudemore is visiting in Vancouver for a few days and is the guest of her mother, Mrs. C. C. Cator, Haro Street.

## WOMEN'S COUNCIL OPPOSED TO BILINGUAL SCHOOLS

Schools had been placed in one of the boys' lavatories. Mrs. Andrews, a member of the Board of School Trustees, expressed her surprise at the statement, pointing out that the building and grounds committee of the Board included a woman and a doctor in its membership, and she promised that the matter would be investigated immediately. After further discussion relative to town planning, the meeting decided by a vote of nine to five, to appoint a committee to study the matter.

Other business at the meeting included a report of the Committee on Dress Reform, read by Mrs. Goe, expressing the opinion that the desired conditions could only come about gradually by means of educating public opinion. In reporting for the girls' club and the need of woolen comforters for the girls, Miss Crease announced that Mrs. McKay, of Saanich, who is an expert spinner, had generously offered the raw wool of members of the Council and affiliated societies would undertake to pay a visit to her home on some day to be decided upon and help prepare and card the wool.

Whereas the Dominion of Canada is composed in part of citizens who speak the French language, and whereas the best relationships and understanding come through the medium of friendly intercourse; and whereas in the conducting of international business it is necessary to understand both French and English, be it resolved that in the highest interests of good citizenship and for the support of the National Council of Women of Canada and its affiliated organizations, both French and English shall be taught to all children attending public and separate schools; and that the National Council of Women of Canada and its affiliated organizations shall be approved by the National Council of Women of Canada and submitted to the Victoria Local Council at its meeting yesterday afternoon.

English the Imperial Language. The proposal evoked considerable discussion. Mrs. Goe, who favored the teaching of French in the schools as a valuable business asset to the coming generation, but Mrs. Goe, who favored the teaching of English as the language of the future, and who was already too full of young students assimilating another subject. Miss Crease, the president, voiced her objection to the grounds that in the British Empire English should be the standard language, and that there were at present ample opportunities available for the study of French and other languages for those with linguistic tastes. The resolution failed to receive the support of the local body.

Heart Applications. Another resolution from the National Council and arousing much discussion, asked the women to refuse to buy any Hearst publication and to stop the entry of these papers. On inquiry as to the papers published by this firm it was discovered that the Hearst Magazine was included in the list of publications from this house. One of the members thereupon asked that the National Council be requested to be more specific in naming the publications to be barred, as she had failed to find anything inimical to the interests of the British Empire in "Good Housekeeping" during the many years she had taken it.

Women Jurors. The establishment of the Woman's Court, woman magistrate and policeman for dealing with women offenders, and the appointment of women inspectors for buildings used for the incarceration of women were suggestions supported by the meeting. The meeting also expressed its approval of an appeal to the Local Council to have women appointed as jurymen in their respective localities. It was pointed out by several members that the voting privileges carried with it the right for women to act as jurymen, and while it was generally agreed that it was not at all honored in itself the general tenor of the discussion was that women jurors would be desirable in the trials of women and young girls.

Town Planning. "In view of the great demand for good housing and whereas bad housing is at the root of many of our great social problems, be it resolved that the Local Councils and federated societies be urged to inform themselves regarding modern town planning and housing in order that they may use their influence against the perpetuation of the present system of building which in many instances produces slums, and that further they should make every effort to advance the principle of health in buildings," was the reading of a resolution which aroused much debate. Mrs. H. W. Gray thought that the matter could be best dealt with by the appointment of a woman assistant to the Building Inspector, a suggestion which met with the approval of several of the members. In supporting her idea, Mrs. Gray stated that the appointment of a woman in this regard would do away with such practices as the building of a house with only one window facing south, constructing a kitchen with the sink at the wrong height and similar mistakes affecting housewives.

During the discussion one of the women called attention to the fact that a drinking fountain at the new annex at the St. James' Douglas

down from Cumberland, and are registered at the Dominion Hotel.

A dance will be held in the Agricultural Hall, Saanich, on Wednesday, October 13, under the auspices of the North and South Saanich Agricultural Society. Professor Heaton's orchestra will furnish the music for the dancing, which will continue from nine till one o'clock.

Lieut.-Col. Chas. Flick, C.M.G., of Victoria, is one of the candidates for the position of Chief of Police of Vancouver.

Mrs. W. V. Mayo, of Manila, Philippines, is a guest at the Empress Hotel.

Mr. and Mrs. C. E. Ritchie, of Akron, Ohio, are guests at the Empress Hotel.

Mr. and Mrs. C. E. Cook, of Nanaimo, are guests at the Empress Hotel.

W. K. Cook, of Montreal, is registered at the Empress Hotel.

## WOMEN'S COUNCIL OPPOSED TO BILINGUAL SCHOOLS

Resolutions From National Chapter Considered; Town Planning, Etc.

Whereas the Dominion of Canada is composed in part of citizens who speak the French language, and whereas the best relationships and understanding come through the medium of friendly intercourse; and whereas in the conducting of international business it is necessary to understand both French and English, be it resolved that in the highest interests of good citizenship and for the support of the National Council of Women of Canada and its affiliated organizations, both French and English shall be taught to all children attending public and separate schools; and that the National Council of Women of Canada and its affiliated organizations shall be approved by the National Council of Women of Canada and submitted to the Victoria Local Council at its meeting yesterday afternoon.

English the Imperial Language. The proposal evoked considerable discussion. Mrs. Goe, who favored the teaching of French in the schools as a valuable business asset to the coming generation, but Mrs. Goe, who favored the teaching of English as the language of the future, and who was already too full of young students assimilating another subject. Miss Crease, the president, voiced her objection to the grounds that in the British Empire English should be the standard language, and that there were at present ample opportunities available for the study of French and other languages for those with linguistic tastes. The resolution failed to receive the support of the local body.

Heart Applications. Another resolution from the National Council and arousing much discussion, asked the women to refuse to buy any Hearst publication and to stop the entry of these papers. On inquiry as to the papers published by this firm it was discovered that the Hearst Magazine was included in the list of publications from this house. One of the members thereupon asked that the National Council be requested to be more specific in naming the publications to be barred, as she had failed to find anything inimical to the interests of the British Empire in "Good Housekeeping" during the many years she had taken it.

Women Jurors. The establishment of the Woman's Court, woman magistrate and policeman for dealing with women offenders, and the appointment of women inspectors for buildings used for the incarceration of women were suggestions supported by the meeting. The meeting also expressed its approval of an appeal to the Local Council to have women appointed as jurymen in their respective localities. It was pointed out by several members that the voting privileges carried with it the right for women to act as jurymen, and while it was generally agreed that it was not at all honored in itself the general tenor of the discussion was that women jurors would be desirable in the trials of women and young girls.

Town Planning. "In view of the great demand for good housing and whereas bad housing is at the root of many of our great social problems, be it resolved that the Local Councils and federated societies be urged to inform themselves regarding modern town planning and housing in order that they may use their influence against the perpetuation of the present system of building which in many instances produces slums, and that further they should make every effort to advance the principle of health in buildings," was the reading of a resolution which aroused much debate. Mrs. H. W. Gray thought that the matter could be best dealt with by the appointment of a woman assistant to the Building Inspector, a suggestion which met with the approval of several of the members. In supporting her idea, Mrs. Gray stated that the appointment of a woman in this regard would do away with such practices as the building of a house with only one window facing south, constructing a kitchen with the sink at the wrong height and similar mistakes affecting housewives.

During the discussion one of the women called attention to the fact that a drinking fountain at the new annex at the St. James' Douglas

down from Cumberland, and are registered at the Dominion Hotel.

A dance will be held in the Agricultural Hall, Saanich, on Wednesday, October 13, under the auspices of the North and South Saanich Agricultural Society. Professor Heaton's orchestra will furnish the music for the dancing, which will continue from nine till one o'clock.

Lieut.-Col. Chas. Flick, C.M.G., of Victoria, is one of the candidates for the position of Chief of Police of Vancouver.

Mrs. W. V. Mayo, of Manila, Philippines, is a guest at the Empress Hotel.

Mr. and Mrs. C. E. Ritchie, of Akron, Ohio, are guests at the Empress Hotel.

Mr. and Mrs. C. E. Cook, of Nanaimo, are guests at the Empress Hotel.

W. K. Cook, of Montreal, is registered at the Empress Hotel.

## MUST BUILD TO FILL TO-DAY'S NEEDS, HE SAYS

Premier Points to Problems  
Confronting Canada and  
Province

Just back from his extended trip through the Upper Country, Hon. John Oliver delivered a stirring address to the Kiwanis Club at its luncheon to-day, taking as his theme the Kiwanis motto, "We build." "Canada to-day must build," the Premier said, on firm foundations to fill the changed requirements of the last few years. Excellent as was the Canadian constitution, the British North America Act, the passing of years, Mr. Oliver declared, had brought to light certain causes for friction, and he intimated that certain alterations were desirable.

**Times Change.**  
"A note that one of the motions of your organization is 'We Build,' commenced the Premier. "Well, looking back over Canada's history we must admit that in the fathers of Confederation we had statesmen who built, and built well. But times change, and buildings erected half a century ago may not fill the requirements of to-day. Take the present harbor bridge here, for example. It has served for forty years, but now we need a new one. Indeed, I think it would be a good thing if each of you would write your motto to be built on a slip of paper and send it to your City Council. Yes, there's no doubt need for further building. Even to-day I was informed of a great industry which would locate on the island conditional upon the building of a certain railway line."

"Excellent as our constitution—the British North America Act—still little inequalities, little causes for friction have appeared with the passing of time."

**B. N. A. Act in Operation.**  
Mr. Oliver went on to describe the powers which the British North America Act vested in the Dominion and Provincial Governments and said he was endeavoring to impress upon people the "foundation truth" that the government are simply trustees of the people. It is with the people's money that governments are dealing. Now governments have only three sources of revenue—taxation, disposal of assets and the mortgaging of the people's property. To-day, as a result of the war chiefly, we have a demand for vastly increased revenues. The Dominion Government, on this account, has been forced to raise large amounts of money by extensive taxation. It is, indeed, questioned whether or not it exceeded its powers in doing so. "The question is, whether it did not encroach upon the powers of the provinces. The need is great and it is not a matter in which there should be any technical question raised unless a real injustice is being done."

"Now the Provincial Governments have departed part of their power to municipalities, in order that self-government may be extended and broadened. The municipalities, too, have a constitution, though, I admit, it is an ever-changing one and one which never remains the same long enough for people to get used to it," the Premier describing further the functions of the Provincial administration.

**The Golden Rule.**  
"Whatever question there may be on these questions, if we apply the acid test of the Golden Rule to them, we shall get legislation and administration as near perfect as it is possible for frail humans to get."

"The world to-day is in a state of turmoil. Every election shows new alignments, a different point of view on the part of the people. So that when we are seeking to build in the future under these difficult conditions we must be sure of our foundation and of our facts. I find a great deal of misconception as to the powers and the duties of government in these matters. Indeed, only the Almighty could perform the things that the provincial government is asked to do. I have to tell people who apply for these things that they have applied at the wrong place."

**Science of Government.**  
"At the present time," Mr. Oliver asserted, "British Columbia's system of education is the most liberal in Canada. Not only are the children being taught book knowledge, but also domestic science, technical work and so forth. Yet, there is a lack of understanding of the science of government is not given a sufficiently prominent place. We are not teaching the children that they will have to take our places soon, and assume not only their own lives, but also the responsibilities of the country, their responsibilities as citizens. We are not teaching them this, which will weld us into one harmonious whole, a great strong people."

"Labor problems are some of the most important before us to-day. Now when the Provincial Governments legislate on labor matters they must remember that every bit of such legislation affects production and distribution of the necessities of life, and if you legislate in one Province, you affect the production and distribution in that Province at a disadvantage compared with other Provinces you have brought about artificial conditions. Indeed, the varying conditions in different Provinces have brought the conviction among thinking men that representatives of all the Provinces should act together and improve the legislation, and bring it into uniformity, so that instead of an unworkable condition, we may have harmonious conditions."

**Financial Problem.**  
"Financial problems, too, are some of the most important we shall have to consider in the future. Indeed, I think that within the next few months you will have to consider them. In this as in other matters we must be sure of our facts in order that we may build wisely and well. In these troublesome times it's very easy to jump to conclusions or to evolve some quack method of solving our problems, and then to find afterwards that we have administered to the community a dose of poison."

"Having a great time?"  
"Bored to death?"  
"So am I. Let's sneak away somewhere."

"Can't I'm the host."

**RIGA TREATY IS  
LENGTHY DOCUMENT**

Summary of Articles in Preliminary Pact Between Poland and Russia

Riga, Oct. 12.—The first article of the armistice treaty between Poland and Russia reads: "The contracting parties, in accordance with self-determination, recognize the independence of the Ukraine and White Russia, and have agreed to decide that the boundary between Poland on the one side and the Ukraine and White Russia on the other, shall constitute the following line:—

"The River Dvina, from the frontier between Latvia and Russia to the point where the frontier of the former Government of Vilna joins with the frontier of the Government of Vitebsk."

Other sections of the treaty read: "Both contracting parties assure each other complete respect for their state of sovereignty, and agree to refrain from any kind of intervention in the internal affairs of the other. Moreover, both agree to include in the treaty obligations neither to create nor to support organizations which have for their purpose, an armed struggle against the other contracting party, nor to seek the destruction of the existing state and social order of the other—meaning an attempt against the territorial integrity, as well as the organization as a whole, of the government of the other side."

"Upon ratification of the present agreement, both contracting parties undertake not to extend their support to foreign military action against the other side."

Article III. provides that the residents of both countries shall have free choice of Russian or Polish citizenship, and Article IV. guarantees the rights of minorities in both countries.

Article V. renounces reciprocal expenditures for carrying on hostilities between the two nations, and also the war losses suffered by the Government and citizens through military action.

Article VI. provides for the exchange of prisoners of war and the return of movable state property.

Article VII. provides for a mixed commission for the exchange of civilian prisoners.

By Article VIII. both agree to issue immediate orders to suspend all legal actions against civilian prisoners, but it provides for their surrender to their respective governments.

Article IX. includes the amnesty provisions.

Article X. states the principles upon which reciprocal accounts and liquidations shall be settled under the final peace. It provides for the return of movable state property, bound up with the economical and social life of the countries, such as libraries, art objects, trophies and memorials.

Both renounce their right to immovable state property inseparably connected with the existing territory. This article also provides for reciprocal regulation of legal claims against the government and citizens of the other side.

Article 14. Russia and Ukraine declare that all the obligations accepted by them in the preliminary treaty, and the agreement apply to all territory east of the frontier line which was included in the preliminary treaty. It has been represented by Russia and Ukraine during the negotiations.

Article 15. An agreement to begin immediate negotiations for a final peace treaty.

Article 16. Text of the preliminary peace terms and armistice in Polish, Russian and Ukrainian—all these texts to be regarded as authentic.

Article 17. Preliminary treaty, subject to ratification and to become obligatory upon the exchange of ratification documents which take place at Libau within six days after ratification.

**WELL KNOWN.**  
"He knows all the best people in town."

"Then why doesn't he associate with them?"

## President of Provincial Command of Army and Navy Veterans: Major M. J. Crehan

The Dominion, Provincial and Women's Auxiliary Commands of the Army and Navy Veterans of Canada are now in session in this city.

## Returned Officer Conservative Choice In Northeast Toronto

Toronto, Oct. 12.—Major Alex. C. Lewis, an overseas officer, was the choice of the Conservative convention here last night as the party candidate for the Northeast Toronto to fill the vacancy caused by the resignation of Hon. R. J. C. Carr, former Minister of Education for Ontario. The by-election is to be held November 8.

## RAILWAY COMMISSION SITTING AT VANCOUVER

Vancouver, Oct. 12.—(Canadian Press)—There was nothing of more than local interest in the few matters which were dealt with during the initial hour of the Railway Commissioners' session which opened here this morning.

Chief Commissioner F. B. Carvell stated that the Board would defer until 2:30 this afternoon consideration of the Canadian Manufacturers' Association's application for a readjustment on the class rates applicable from Vancouver, Victoria and New Westminster to points in British Columbia, Alberta, Saskatchewan and Manitoba, placing them on the basis outlined in judgment and general order No. 125 dealing with what is known as the western rates case.

## TOOK POLICE TO SPOT CRIME COMMITTED

Harrisburg, Pa., Oct. 12.—August Paspas, confessed kidnaper of Blakeley Coughlin, to-day took Captain Samuel Gashart of the State police, to a spot along the Schuylkill River below Norristown, where he declared he had thrown the body of the child and a diver found a piece of rail and some string which he alleged he had thrown into the stream, according to a statement made to-day by Major L. G. Adams, superintendent of the State police.

## FRENCH AUTHOR WEDS.

Tours, France, Oct. 12.—Anatole France, 76 years old, the noted French author, was married yesterday to Mademoiselle Emma La Prevotte.

## OBITUARY RECORD

The funeral of the late Daniel McPhie took place yesterday afternoon, leaving the B. C. Funeral Chapel at 3:15 and proceeding to St. Michael's Church, Royal Oak, where service was conducted by the Rev. G. R. Littler. There was a large attendance of friends and many floral offerings covered the casket. The hymns "Nearer My God to Thee" and "Rock of Ages" were sung. Interment was made in St. Michael's Cemetery. The pallbearers were T. R. Layritz, D. N. Perley, A. A. Rankin, and Edward Jones.

The remains of Harriette Sheila, the six-weeks-old daughter of Mr. and Mrs. Henry Thompson, of Alberni, and granddaughter of ex-Fire Chief Thomas Davis, were laid to rest in Ross Bay cemetery yesterday afternoon. Service was conducted in the B. C. Funeral Chapel by the Rev. Dr. Campbell and many friends attended. A large and beautiful floral offering covered the little casket.

The funeral of the late Mrs. Hannah Surrey, whose death took place last Monday at the Royal Jubilee Hospital, was held yesterday afternoon. The cortege left the Sande Funeral Chapel at 1:50 o'clock and ten minutes later service was conducted at Christ Church Cathedral by Dean C. S. Quainton. Relatives and many beautiful flowers covered the casket. The pallbearers were R. T. Mackay, W. H. Hadley, G. Willey, L. S. Mousier, J. J. Bothwell and W. A. Atkinson. Interment took place at Ross Bay cemetery.

## BENNO MOISEWITSCH WILL PLAY HERE

Leading Pianist to Give Recital Under Musical Club Auspices

Benno Moisewitsch, the famous Russian pianist and virtuoso, is to give a recital in Victoria on Thursday, November 4, under the auspices of the Ladies' Musical Club. This announcement will be hailed with delight by music-lovers throughout the island as a unique opportunity to hear an artist who sprang into fame suddenly during the war, and is now at the zenith of his career.

M. Moisewitsch made his London debut a few years ago, creating a sensation with his wonderful powers of interpretation and his tremendous virility, and the critics acclaimed him as the greatest pianist of the day. This success was repeated when he made his first appearance in New York last year, his playing creating a storm of acclamation from all sections of the community. He is now on his way to New York from Australia, and his recital at the Empress Hotel will mark his first appearance in the West.

His concerts on this coast will be under the direction of Messrs. Coleman and Coleman, of Portland, Oregon, the well-known agents who have been responsible for the bringing to the West of many of the leading artists in the musical and dramatic world.

## SAANICH PIONEER PASSES

Mrs. Margaret Thomson, First White Woman to Settle in South Saanich, Dead.

Mrs. Margaret Thomson, wife of the late William Thomson, Bannockburn Farm, South Saanich, is dead, at the age of 73 years. The late Mrs. Thomson was a native of Haddington, Perthshire, Scotland, and came to this country in January 16, 1853, arriving on the vessel Norman Morrison. For sixty-one years a pioneer of the Saanich district, the late Mrs. Thomson was well known and very popular with the pioneers of the island. She was actually the first white woman to make her home in that neighborhood. Her husband, the late William Thomson, passed away in 1909.

Her life in the pioneer days was an example of the bravery of the woman that forged the way for the succeeding generations. The late Mrs. Thomson is survived by five daughters and six sons: Mrs. A. McKenzie, Saanich; Mrs. (Dr.) R. L. Fraser, Victoria; Mrs. W. A. Bisset, Saanich; Mrs. H. S. Hughes, Vancouver; Miss Grace Thomson, Saanich; David and John Thomson, Cumberland; Alexander and Walter of Saanich; Richard, of Victoria, and Chas. A. Thomson, of Metochin.

## M. WEIGEL, of Seattle, who W says he had no idea any- thing on earth could do for him what Tanlac has done. Declares he has gained 30 pounds and that his health has been completely restored.

W says he had no idea anything on earth could do for him what Tanlac has done. Declares he has gained 30 pounds and that his health has been completely restored.

"I had no idea that anything on earth could do for me what Tanlac has done, and I just feel like telling everybody I see about this wonderful medicine," said Mm. Weigel, 2602 Third Ave., Seattle, Wash., with the widely-known New Washington Hotel.

"When I began taking Tanlac," continued Mr. Weigel, "my condition was so rundown that I could not work. I was never hungry, and my stomach was so disordered that the little I forced myself to eat disagreed with me. My kidneys bothered me, and the pains across my back were so severe that when I tried to bend over and straighten up again it would nearly kill me. I had splitting headaches and such dizzy spells at times I would almost topple over. Then to make matters worse, I began to suffer with rheumatism in my legs. I was nervous, weak and listless, was rapidly losing strength and seemed to be going down hill every day."

"I began to improve after the first few doses of Tanlac. I seemed to feel better each day as I continued the treatment. In a few weeks I was like a brand new man. Now I have a big appetite, eat anything I want, enjoy every mouthful and I don't suffer in the least afterwards. I sleep like a child every night and feel just fine on arising in the morning. I haven't a pain about me, my strength has been wonderfully increased and I have actually gained thirty pounds."

"If anybody doubts this statement, just tell them to see me and I will give them the names of some of my friends who will verify every word of it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

## FIRST OF WHALERS BACK FOR SEASON

Whales Found in Fair Numbers, With Kyuquot Registering Low

The first two of the Consolidated Whaling Company's vessels to return from the northern whaling grounds at Kyuquot and north reached port Saturday, being the St. Lawrence, Captain Arvesen, and the White, Captain Christian, the former skipper immediately leaving for Norway.

Six others of the fleet are still in northern waters, but will be returning after winding up the last hunting of the whales. The season has been an average one, it was stated, but Kyuquot did less than the stations at Rose and Naden Harbors.

The catch comprises fin-backs, sulphur-bottoms, sperm, hump, and Sue whales, all of which have the special uses. The sperm whale is especially valuable for the rendering of oil that is obtained in large quantities from its head. The Sue whale, though small, in comparison to the other mammals, is good to eat, according to word brought by the hunters. The humpback whale is one of the scavenger class, and known as a dirty whale, still its oil is nevertheless valued.

No Estimate Yet. Particulars of the catch will not be to hand until the whole fleet return, and Captain Le Marquand, manager of the company here, had nothing to announce yet in that connection.

The Consolidated Whaling Corporation, Ltd., also have a station in northern Alaska that is still in active operation, but is controlled from the American headquarters of that company. No new methods were used this trip, and the proposed wireless has not yet been tried on the boats and station. The difficulty of obtaining real "sailors" to stand the choppy seas of the Bering straits is one of the most aggressive arguments in favor of its non-acceptance by the whaling company.

## INCREASED FREIGHTS ON LAND HAND BOOST TO CARGOS

Over 7,000 Tons Waiting For Grace Dollar as Result of Rail Increase

Vancouver, Oct. 12.—The effect of the increased railway freight rates in the United States and Canada is strikingly shown by the cargo that will be taken out of Vancouver by the Grace Dollar, due from the Orient tonight. With cargo loaded in the Orient and taken on here for New York the Grace Dollar will have a load of over 7,000 tons. A large proportion of the cargo to be loaded here will be directly traceable to the new freight rates.

Water rates from this coast to the Atlantic stiffened with the advance in rail rates but the present steamship rate is but 35 per cent. of the rail rate before the 10 per cent. increase.

### U. S. BOARD VESSEL AGAIN IN TROUBLE

San Francisco, Oct. 12.—A fire in the lumber cargo of the shipping board steamer Springfield was extinguished last night after it had burned for thirty-six hours. The Springfield loaded at Astoria Ore., with 3,500,000 feet of Oregon pine.

The agents of the vessel said the loss was not great.

The fire was discovered Sunday morning when the Springfield was off Trillick Head, 250 miles north of San Francisco.

### COALED AT LADYSMITH

Ladysmith, Oct. 11.—The following boats took on coal at the Canadian Colliers wharf during last week: Tug Calicum, tug Chieftain, tug Moonlight and scow, tug New Era, tug Progressive, tug Deadweight, tug Tyee, tug Sadie and scow, tug Mystery, S. S. Princess Royal, S. S. Admiral Goodrich, tug Sewell, and scow, tug Cherry and scow, tug Edna Grace, S. S. Muriel, tug Clayburn and scow, tug Marion and scow.

## Rheumatism Neuritis, Sciatica, Neuralgia.

Templeton's Rheumatic Capsules

Have brought good health to half-a-million sufferers.

A healthful, money-saving remedy, well known for fifteen years, prescribed by doctors, sold by druggists, \$1.00 a box. Ask our agents or write for a free trial package. Templeton, 142 King W., Toronto

Local Agents—Campbell's Drug Store, Dunsmuir, E. W. White, Ladysmith, R. G. Jessup, Sidney, E. Le Sage.

## YUKON TRAFFIC LANES STILL OPEN

River Free Yet, But Cold Closing in Steadily From Day to Day

Dawson, Oct. 12.—Yukon temperature is hovering around the freezing point but the main river is running free from ice from Eagle southward, the water being very low.

The American army dispatch steamer Jacobs and the steamer Washburn reached here to-day after several days' delay through ice. The steamer Jacobs with two heavy barges of freight and cargo on her deck is on the Reindeer bar, twenty miles south of Dawson, but it is expected she will be cleared in a day or two. The Selkirk is still at Stewart reporting the damage to her hull sustained through striking a rock last week.

The Stewart River is almost clear of ice, but as no boats have come down lately it may be that the river is jammed somewhere above the mouth and the boats locked in for the winter. There is no way of receiving definite information unless someone comes down cross-country.

### STEAMER ARRIVALS

La Lorraine at New York, from Havre.  
Rena at New York, from Marseilles.  
United States at New York, from Copenhagen.  
Rotterdam at Plymouth, from New York.

C., via ports at 11 p. m.

Whose Number is No. 1 It's the Fashion! Taxi and Livery Service. Try it.

The Dominion wireless authorities on this coast have dismantled the Breda station and closed that of Pachena, the latter however may not be dismantled, but held for future use. Triangle Island wireless station will be the next to be under the paring knife it is stated, while no word is yet given of the establishment of new stations.

Two of the Consolidated Whaling Company's fleet have returned to port for the winter rest, pointing to the fact that the season is closed.

B. C. Lambert, secretary for the Victoria Machinery Company, Ltd., has resigned his post to take up work with the China Inland Mission.

A. C. Burdick, manager of the Pacific Salvage Company, proceeded to the scene of the wrecked Prince Rupert last week-end, to overlook the situation.

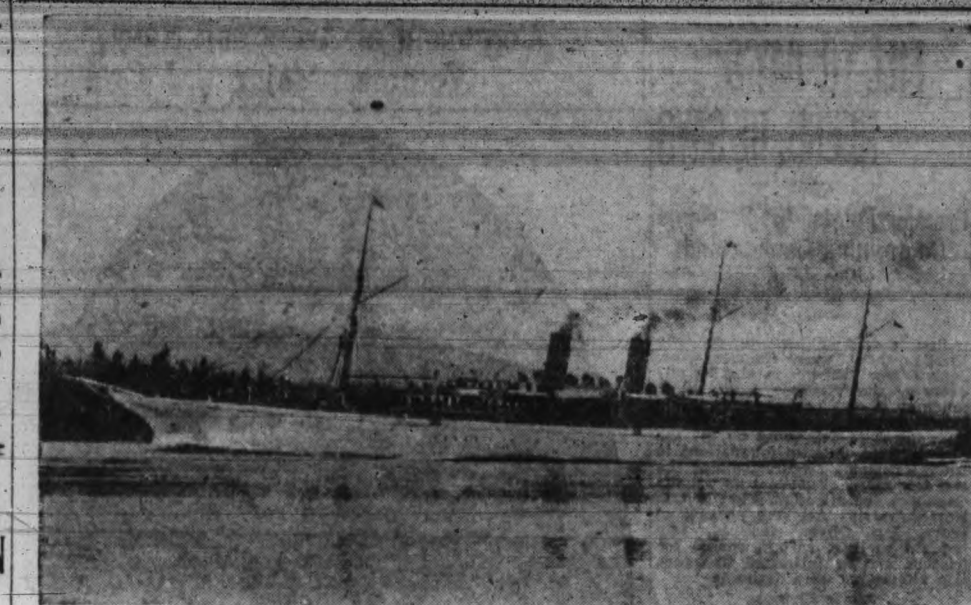

Captain Albert Berquist, who has taken over much of the material left by the Foundation Company on the old Indian Reserve, intends to construct three small craft there in the near future. They will be a 125, 50 and a 75-footer respectively.

The S. S. K. latest vessel, the Alabama Maru, sailed from Yokohama on October 6 on her eastbound voyage for this port and Seattle. She carries seven first and second class passengers and 370 measured tons of general merchandise for this port. Some 150 tons are to be put off at Vancouver, after unloading at Seattle and Tacoma.

The schooner Honoipe, Captain Page, is due to-day to pick up a lumber cargo at Genua Bay, for South Africa. She is making her way up from San Francisco and will arrive here. The Honoipe is owned by the Hind Ralph corporation of the south.

The Margaret Coughlan cleared from drydock yesterday, where she

## WILL SAIL TO-NIGHT FOR ORIENT

EMPEROR OF JAPAN  
Outward bound for Yokohama, will arrive here at 10.00 o'clock to-night, and will sail shortly afterwards for Yokohama, Shanghai and Hongkong.

## NATIONAL RAILWAY WILL RUN THROUGH TRAIN TO MONTREAL

To Make Adequate Connections With Ocean Traffic; To Begin Thursday

A new through-train from Vancouver to Montreal, daily, has just been established by the Canadian National Railway, and will commence service next Thursday. Having the Vancouver terminus at 7.45 p. m., stated Osborne Scott, general passenger agent of the C.N.R., the train will be in town to-day. Mr. Scott is in town conferring with the local transport agents, acquainting the staff of the conditions of the new service.

A feature of the new schedule of the Montreal through train is that it will be based on steamship arrivals. So the train as far as possible, and splendid connections with ocean traffic will result, it is stated.

Five Days to Montreal. Commencing with next Thursday, the first daily train will put out from Vancouver at 7.45 a. m., arriving Edmonton at 6.15 a. m., Saskatoon at 10.15 a. m., Regina at 1.15 p. m., Winnipeg at 4.15 p. m., and arrive at Montreal at 10.15 a. m. An example of the Sunday night train from Vancouver will get into Montreal Friday afternoon.

The train will consist of a compartment-hotel, observation car, two dining cars, two tourist cars and dining car service, all brand new equipment. The cars will embody many of the most distinctly luxurious features, many of which are now being inaugurated by the C.N.R. The company has established in Victoria a district headquarters to conform with our action in all the large cities of the Dominion. It will have traffic connections with all ocean steamers.

MARINE NOTES  
The engines for the Canadian Traveler, last steel freighter to be constructed by the Harbor Marine Company, have been shipped from the John Inglis Company in the East for Victoria. They will be installed in the ship at the Victoria Machinery Depot.

The barquentine Puako, Captain Helms, lying in the Royal Roads all last week, made up her crew and got away for South Africa with her lumber stores last Saturday. Her crew and stores were picked up in this port.

Col. C. W. Peak, M.C., M.P., for Skeena, while on duty, over the week-end, stated that he had shown Ripple Rock to the federal Minister of Marine, the Hon. C. C. Ballantyne. Col. Peak is at the head of a strong delegation working for the removal of this menace to northern navigation from the path of steamship traffic.

The Dominion wireless authorities on this coast have dismantled the Breda station and closed that of Pachena, the latter however may not be dismantled, but held for future use. Triangle Island wireless station will be the next to be under the paring knife it is stated, while no word is yet given of the establishment of new stations.

A resolution approving of the members of the Ladies Auxiliary being invited to attend the sessions of the Convention was unanimously passed.

Address Women Delegates.  
Comrade Crehan, president of the B. C. Provincial Command, led a demonstration following the passing of a resolution of loyalty to the King. The message of loyalty is to be called. Brigadier-General R. P. Clark, as well as Mayor Porter addressed the Ladies Auxiliary yesterday afternoon. General Clark presented Mrs. MacKay with a bouquet. During the session four bouquets were received from each of the fourteen auxiliaries.

Resolved women delegates here are: Mrs. G. D. MacKay, Winnipeg; President, Mrs. J. E. Currie, Winnipeg; Secretary, Mesdames E. Wadell, W. H. Nesbitt and Kemp Richardson; Winnipeg; Mesdames A. M. King, J. E. Kent, Stiller and J. Hooper, Vancouver; Mesdames C. Methel and N. McMillan, Ottawa; Mrs. C. J. Sober, Ross, Manitoba; Mrs. W. H. Welch, Toronto; Mrs. J. Drummond, Calgary; Mrs. G. A. Stethen, Fort Frances; Mesdames A. E. Sims and L. A. Miles, Halifax; Mesdames N. J. Whitall and L. Beech, Westminister; Mrs. E. Christmas, New Westminster; and Mesdames W. H. Richardson and J. A. Rhigard, Victoria.

Mrs. R. P. Clark, wife of the Victoria President, is to leave every day to all visiting members.

SCHOONER BRINGING  
LIVE FUR ANIMALS

Seattle, Oct. 12.—Two live sables from the Arctic woods of Siberia—the first living specimens of the precious species ever brought across the Pacific—are aboard the auxiliary-powered schooner Kamchatka of the Hibbard-Swenson Company, of Seattle, which is now plowing her way toward Cape Flattery, homeward bound after trading all summer along the shores of Kamchatka and the Siberian Arctic. She should arrive here Friday.

It is said that less than 100 persons in the United States have ever gazed on a live sable, though the fur of the animal is worn by tens of thousands in this country. The two which the Kamchatka is bringing from Siberia will probably be seen at the second of the Hibbard-Swenson Company's big fur sales.

### BRU WALS

Executive G. W. V. A.—A meeting of the Executive of the G. W. V. A. will be held this evening.

Divine Healing.—The Rev. T. E. Rowe will speak on "Divine Healing," in the Centennial Church on Wednesday evening.

Thanksgiving Delays Meeting.—The Esquimalt Council will hold its meeting on Tuesday instead of the customary Monday next week, on account of Thanksgiving Day.

St. Saviour's Church Week.—A rummage sale in aid of St. Saviour's Church will be held to-morrow afternoon at 2.30 at the Sunday School, Victoria West.

Speaks on Prohibition.—A discussion of prohibition will take place on Friday evening at 8 o'clock in the Presbyterian Church, corner of Walter Street and Tillicum Road. Dr. Ernest Hall will be the chief speaker.

Holding Important Meeting.—A large attendance of members of the Comrades of the Great War is expected to mark to-night's meeting. A decision is expected to be arrived at upon certain important matters laid over for further discussion at the last meeting.

Rev. T. E. Rowe's Meeting.—There will be a healing meeting at 10.30 a.m. on Wednesday in the school-room of the Christ Church Cathedral. The Rev. T. E. Rowe will speak in Christ Church Cathedral on Thursday at 8 p.m.

To Address Canadian Club.—As President of McGill University, General Sir Arthur Currie has promised to address the Canadian Club at a luncheon to be held at the Empress Hotel on Monday, October 25, taking as his subject "The Nation and the University."

At St. Margaret's School.—With reference to the report of the official opening of Victoria Arts College in Saturday's issue it may be stated that Miss Liffertwood, who has won several honors in her school career, was a pupil at St. Margaret's School for two years, taking her matriculation from that school.

Esquimalt Parent-Teachers Association.—A meeting of the Esquimalt Parent-Teachers Association will be held on Friday afternoon at three o'clock. Election of officers will take place and the presentation will be made of a gold medal presented by Reeve Lockley to Aubrey Thomas. The function will be held at Lampton Street School.

To Collect for Sanich V. O. N.—The Sanich branch of the Victorian Order of Nurses has decided to hold a collection day to raise funds for the carrying on of the nursing service in the district. The underwriters of the city, recognizing the benefit of the nursing service to the community have agreed to undertake the collection which will be held in Sanich on Thursday, November 4.

Excellent Finances.—Auditor Floyd last night submitted to the Esquimalt Council an interim report on the finances of the municipality, which showed that there is a surplus in hand under nearly all the items of expenditures. The report showed the municipality in a position of financial soundness and that the probability of an unusually favorable annual statement.

Appreciative Ratepayers.—Members of the Esquimalt Council were last night delighted when told that at a meeting of the Property Owners' Protective Association held last week, the actions of the present Council had met with general approval, and that some of the speakers had asked that the gathering accord the Councilors credit for the work done this year.

Thanksgiving Day Plans.—On Thanksgiving Day, October 13, the post office will be closed all day, with the exception that the general delivery and registration wickets will be open from 10 a.m. to 4 p.m. and postage stamps will be sold during those hours. No delivery of mail by letter carriers will be made, and all mail due for dispatch on the afternoon and evening of October 13 will be closed at 12 noon sharp. Two clearances only will be made from the street letter boxes.

Interest in Literature.—The St. Andrew's Presbyterian Church Young People's Society met last night in the church school room and heard with appreciation a number of addresses on phases of literature. President Goforth read extracts from the works of Robert Service, Miss Jean Polson read a paper on "Pauline Johnson," Miss Margaret Clay gave an address on Canadian poets and their works, and C. R. McMillan, M.A., B.D., also contributed. The evening closed with games and singing.

A Fine Exhibit.—Langford Women's Institute has now on view at the general store at Langford a fine exhibit of the produce of the district. It was thought desirable to assemble the produce in this way in the absence of a district show this year. The display will continue until to-morrow.

Endorse Flag Resolution.—The City Council last night endorsed the resolution passed by the Comrades of the Great War to the effect that foreign automobiles should not be displayed on city streets with a British flag. A resolution governing this matter is in existence, but up to the present, it is claimed, has not been enforced.

To Speak on Mainland.—Mrs. V. S. MacLachlan, secretary of the Women's Institutes for B. C., will leave to-morrow for the Mainland. To-morrow she will address a meeting at Matsqui on the subject, "Women's Institutes as an Agency in Establishing and Maintaining Public Health Nurses." She is en route to Abbotsford. On October 13 she will speak at Tyneshead and on the following day at Strawberry Hill.

Refuse to Give Guns Away.—The City Council last night refused the request of Sooke residents that it hand over to them one of the war memorial German Guns with which Victoria was presented. The Council felt that to give away one of the guns would be to display discourtesy and lack of appreciation of the gift. However, it was decided to assist the Sooke people in a way possible to get a gun for themselves.

Supported Government Control.—Although intended as a debate on the relative advantages of Government Control and Prohibition, the meeting of the Men's Club of St. Mark's Church, held last evening, proved one-sided. Everyone who spoke was in favor of Government control.

Lace Club's Initial Meeting.—Considerable enthusiasm was shown at the first meeting of the recently formed Lace Club, held at the residence of Mrs. G. P. Napier, Menzies Street, last evening. Several members attended, of which three were expert lace-makers, six displayed various degrees of proficiency in the making of various dices, while the remainder were interested visitors. Classes are being formed for the teaching of pupils who wish to join the club, as it is a condition that members must be lace-makers.

Grand Re-union Smoker.—The grand Re-union smoker concert to be given by the G. W. V. A. to all residents past and present will take place to-morrow evening at 8 o'clock. All residents past and present are invited to attend. The program and free refreshments have been provided by a special committee composed of Comrade J. A. Barron, chairman publicity committee, Comrade A. H. Jones, pensions, Comrade A. Rumbey, general committee. All veterans who have been connected with the G. W. V. A. are invited to attend. Great efforts have been put forth by the committee to make this one of the most pleasing functions ever given by the G. W. V. A. Brindley-Rose, C.M.G., D.S.O., will act as chairman and Colonel Lorne Ross and Colonel Winsby will deliver addresses on subjects of greatest interest to the veterans.

Comradeship alone is the inspiration of this concert, and all the committee expect in payment is a wide area of faces with broad smiles. Those who have worn a G. W. V. A. badge are cordially invited.

DR. YOUNG WILL VISIT OTTAWA

To Attend the Dominion Conference on Child Welfare

To attend the Dominion Conference on Child Welfare, Dr. H. E. Young, Secretary of the Provincial Board of Health, will leave the city for Ottawa to-morrow.

The conference will commence its deliberations on October 19, while the two following days will be absorbed by those in attendance in connection with the business of the Consultative Red Cross and the Council General of Red Cross.

In the communication inviting Dr. Young to be present at this important gathering it was pointed out that representative bodies in this Province would be at liberty to send delegates to the conference. And in order that this fact might be as widely known as possible Dr. Young took the necessary steps.

The conference itself is the first concerted effort to institute the work of child welfare in a Dominion-wide activity and it is expected that as a result of its deliberations plans of an ambitious scale will be formulated.

Dr. Young, it will be remembered, is President of the Canadian Public Health Association and a member of the Dominion Council of Health.

YOUTHFUL ARTISTS SHOW MUCH TALENT

Many ways have been devised whereby the instruction given in the public schools can be tested, but probably none have been more sure in proving results or have created more interest than the coloring competition which is being carried on by W. J. Penderay & Sons, Ltd. Since the opening of the competition some three weeks ago thousands of pictures have been received by the local office of the firm, and to both the students themselves and also to school instructors.

Quite a large number of the entrants to the competition show remarkable skill in both rendering and the handling of colors. The drawings which illustrate the well-known fairy story of the Princess and the Seven White Swans, are published each week-end in the local

### APPEALS FOR AID TO FIND HER SON

Mrs. Davidson, of Auburn, Wash., Asks For News of Absent Youth

In great distress over lack of knowledge as to the whereabouts of her son, Mrs. Davidson of Auburn, Washington, has come to Victoria in an effort to find Joseph Edward Davidson, a youth sixteen years of age, who is believed to be working here on Vancouver Island at the sheet metal workers' craft.

Mrs. Davidson, this morning stated to The Times that the missing youth had suddenly left high school at the end of September, and had not since written home. On October 1 last he had written from this city to a boy friend, and intimated that he was about to start work as a sheet metal worker.

That letter had been dated in Victoria, but mailed in Vancouver, according to the post mark, and it was as a consequence that Mrs. Davidson had come over to endeavor to find the lad. Joseph Edward Davidson is a fresh faced youth of medium height, of British parentage and speaking with a pleasant accent. He has a good school education, is energetic and anxious to work. He is probably wearing a new brown jacket and a new hat.

THE LATTER HAD BEEN DATED IN VICTORIA, BUT MAILED IN VANCOUVER, ACCORDING TO THE POST MARK, AND IT WAS AS A CONSEQUENCE THAT MRS. DAVIDSON HAD COME OVER TO ENDEAVOR TO FIND THE LAD.

Mr. Davidson, who is a sheet metal worker, had been in the city and was about to start work as a sheet metal worker.

Mr. Davidson, who is a sheet metal worker, had been in the city and was about to start work as a sheet metal worker.

### WILL TRY AGAIN TO REMOVE ADVERSE OPINION OF CITY

Reeve Lockley, of Esquimalt, Highly Pleased With Municipal Convention

Reeve A. Lockley, of Esquimalt, returned on Sunday from the Convention of the Union of British Columbia Municipalities at Nelson.

Committee to Explain.

Reeve Lockley said that a committee from the Executive Council of the Union would shortly wait on the Victoria City Council, explain F. A. McDiarmid's status as parliamentary agent, and invite this city to again become an active force in the Union.

"We need Victoria, she is the Capital City, and as the great centre of population on Vancouver Island should carry great emphasis in the conduct of the business of the Union," he said. He expressed himself to The Times yesterday as being highly pleased with the results attained and convinced that much business of great importance to the Province had been consummated.

"I was a newcomer, but experienced delegates said this was the best convention held for many years past, with possibly more actual constructive business done than ever before," said Mr. Lockley.

"The work done in those three days was far greater than would be thought possible by citizens not in close touch with municipal affairs, these, touching municipal finance, church taxation, police control, hospitals, schools and the formation of a Local Government Board," he said.

Mr. Lockley considered as outstanding the taxation of church building sites question. "The attitude of the convention was that the Legislature had no intention of exempting church sites, and that it is imperative that the Legislature make changes to ensure the taxation of such lands. This was endorsed unanimously," he said.

All To Contribute.

The action of the city of Victoria in contesting the St. Andrew's Cathedral site case was endorsed, and the meeting was a special feature in favor of all municipalities contributing towards the cost of carrying the case to the highest courts. Very little discussion took place, according to Mr. Lockley, but it was felt that Victoria city was fighting a case of province-wide interest.

In connection with church site taxation the absence of Victoria from the convention was necessarily considered. It was felt that this was entirely due to the fact that, prior to this meeting, the official relation of F. A. McDiarmid with the union had never been exactly stated," said Reeve Lockley.

"It was made plain that Mr. McDiarmid was not the solicitor of the Union, merely its Parliamentary agent, and as a special agent in municipal law he was entitled to secure private practice against or for any city as he found occasion. In fact, Mr. McDiarmid, as Parliamentary agent, would be asked at the coming session of the Legislature to draft proposals for changes which would overcome the very points on which he fought the case against Victoria."

Hospitals' Act.

The Convention felt that the Government should administer and finance the hospitals of the Province, but that this being almost too large a burden to expect the Government to undertake at this time, the Legislature will be asked to amend the Hospitals' Act to provide for compulsory notification, within three days, of the admission of indigent patients, otherwise municipalities would not be liable for expenses incurred.

School Finances.

The schools question was also important, and Reeve Lockley said the Convention considered, that from the point of view of municipal finance, it was considered most serious that almost any other matter by the delegates. The Union will ask the Provincial Government to re-draw the School Act in order that the financial position of the municipalities be maintained. The Union supported this with a more drastic resolution submitted by the city of Revelstoke, which calls on the Government to take over and administer the whole Provincial schools system, and pay the cost by direct taxation.

Prefer Local Police.

Mr. Lockley stated that there was a strong vote against a proposal that the control of all the police bodies of the Province should be surrendered to the Government for unified operation. It was felt that local men, well acquainted with conditions prevailing in their neighborhoods, were better than strangers, who would be unfamiliar with the habits of residents and other circumstances which affect the maintenance of order. The Convention went on record as heartily in favor of a pension scheme for both municipal police and firemen, to be operated by the Provincial Government.

30 DAY SALE OF PIANOS

SMALLER MUSICAL INSTRUMENTS & PHONOGRAPHS

## Benefit By This Sale of Musical Instruments

Hundreds of people have already benefited by this sale. Every day the crowds are greater, for those who have already made money-saving purchases are telling their friends.

Our piano offers are proving irresistible. The chance to save \$75 to \$150 on a new instrument is unparalleled in Canada to-day, especially on Steinway, Gerhard Heintzman, Nordheimer and other famous instruments such as our stock affords.

Phonograph prices are cut \$15 to \$90—and scores of instruments are here to choose from. Among them are Columbia Grafonolas, Gerhard Heintzman and Aeolian-Vocalion Phonographs.

Every Phonograph is a Bargain—See Them To-morrow—Sure!

bracketed me with Reeve Marmont of Coquitlam as heading the poll for seven selections from fourteen nominations, they were not so much considering me personally, but rather as the representative of Esquimalt. All the same, I am pleased to have been so honored, although I suppose the post means lots of work for the coming years," said Mr. Lockley.

SMITH GOT WISE.

A sore corn, he said, was bad enough, but to have it stepped on was the limit. He invested in a bottle of Putnam's Painless Corn Extractor and now wears a happy smile. Corn is gone—enough said. Try Putnam's Extractor, 25c. at all dealers.

### PROHIBITION AGENTS NAMED FOR RIDINGS

The People's Prohibition Party has nominated the following to act as agents of the party at the plebiscite on October 20: Prince Rupert, Thomas Herbert Nuttall; Grand Forks, Neil Matheson; New Westminster, Allan McDonald; Nanaimo, William Waugh; Trail, Joseph Herdman; Rossland, A. B. Christie; Comox, Thomas Banks.

Mr. Oliver does not intend to remain in town for many days, as a stretch during the present month. He will leave on this evening's boat for the Mainland en route to his own constituency of Dewdney, where he proposes to hold a series of meetings and generally to give an account of his stewardship to his own electors. He commences the tour at loon tomorrow, proceeding afterwards to Nicomen, Mission, Port Coquitlam and Port Moody.

BACK AT OFFICE

Premier Oliver Will Tour Own Constituency Immediately, Beginning To-morrow.

Premier Oliver returned to his office at the Parliament Buildings this morning after a two weeks' tour of a number of constituencies of the interior. He was particularly impressed by excellent meetings at which he was the principal speaker, one of the significant features appearing to the Premier being the scarcity of questions and the almost entire absence of interruption. The large attendance in each case, however, suggested to Mr. Oliver the keen interest that is being taken in provincial affairs by the people as a whole.

## Cleveland Wins the World's Series

### Coveleskie Takes His Third Game of Series

Big Spitball Artist Achieves Feat of Christy Mathewson; Dodgers Were Helpless Before His Slants To-day; Cleveland Fans Are Jubilant; Score, 3-0.

League Park, Cleveland, Oct. 12.—Tris Speaker's Indians won the 1920 world's series by defeating the Brooklyn Dodgers here this afternoon, 3-0. It is the first time Cleveland has won the premier honor in baseball.

To-day's victory was due to the masterly pitching of big Stanley Coveleskie. The spitball flinger hung up his third win of the series and now ranks with Christy Mathewson as the only man to take a trio of games in the big clash. Coveleskie won the opener in Brooklyn last week and turned around and defeated the Dodgers in the opening game here on Saturday. He came through again to-day.

**Cleveland Fans Joyful.**  
Cleveland is a house of joy to-day. The victory of the team has provided a scene hitherto unknown in the life of the city. The players are being entertained in a royal manner.

Tris Speaker took hold of the Indians in the Spring and was not conceding much of a chance of coming through. He, however, whipped a great machine into shape and succeeded, despite the loss of his star shortstop, Ray Chapman, in winning the American League pennant. Then the Indians went into the world's series—the second—best bet, as Brooklyn was considered too strong in the pitching department. But Speaker has driven his team along and it has achieved the greatest baseball honor.

Grimes threw his game away in the fourth inning. Gardner hit safely and Johnston lifted a long single to right, sending Gardner to third. In a delayed steal Grimes intercepted the throw to second to catch Johnston going down and then threw wildly to centre field allowing Gardner to score.

**Speaker Drives In One.**  
Speaker drove in another run in the fifth inning. Jamieson shot a wicked hit along the third base foul line and Speaker followed with a triple which scored Johnston.

Cleveland added another in the sixth. O'Neill led off with a double but was run down between second and third trying to advance on Coveleskie's intended sacrifice. Jamieson followed with another

base. Griffith fled out to Smith. No runs, two hits, one error.

**Grimes' Hand Hurt.**  
Cleveland—Coveleskie struck out on three pitched balls. Jamieson up. Grimes took Jamieson's smash and threw him out at first. Grimes' hand was hurt in getting Jamieson's hot grounder. Play was suspended. The crowd applauded Grimes when he resumed pitching. Wambagans up. Wambagans scratched an infield hit. Speaker up. Kilduff threw out Speaker at first. No runs, one hit, no errors.

**Cleveland Scores.**  
Cleveland—Smith went out to Konechky unassisted. Gardner got a hit—past Kilduff. Johnston singled to right field and Gardner went to third. It was the hit-and-run play. Sewell up. Sewell fled to Wheat. Gardner holding third. O'Neill up. Gardner scored on a delayed steal on which Grimes after intercepting the throw, threw wildly to centre field. O'Neill fled out to Griffith. One run, two hits, one error.

**The Teams.**  
The line-up follows:  
Brooklyn—Olson, s. s.; Sheehan, 3 b.; Griffith, r. f.; Wheat, l. f.; Myers, c. f.; Konechky, 1 b.; Kilduff, 2 b.; Miller, e.; Grimes, p.  
Cleveland—Jamieson, l. f.; Wambagans, 2 b.; Speaker, c. f.; Smith, r. f.; Gardner, 3 b.; Johnston, 1 b.; Sewell, s. s.; O'Neill, c.; Coveleskie, p.

**Coveleskie Missed Bag.**  
First inning: Brooklyn—Olson popped to Gardner. Olson hitting the first ball pitched. Sheehan fell down swinging at the ball and the crowd laughed. Sheehan fled out to Jamieson, who came in fast to make the catch. Griffith up. Johnston took Griffith's grounder and tossed to Coveleskie, who failed to touch the bag. It was an error for Coveleskie under the rules. Wheat sent a high fly to Wambagans. No runs, no hits, one error.

Cleveland—Jamieson went out at first. Konechky unassisted. Wambagans fled to Wheat. Speaker popped out to Sheehan. No runs, no hits, no errors.

**Second Inning: Brooklyn—Myers** up. Sewell threw out Myers at first. Konechky up. Gardner threw out Konechky at first. Kilduff went out at first. Sewell to Johnston. Sewell made a nice stop and a pretty throw. No runs, no hits, no errors.

**Sheehan Throws Wildly.**  
Cleveland—Smith up. Kilduff threw out Smith at first on a pretty play, taking the ball behind the box and making a snap throw. Gardner up. Sheehan took Gardner's grounder and threw it over Konechky's head. Gardner held first while the Clevelanders claimed he was entitled to go to second on the overthrow. Umpire O'Day allowed the claim and Gardner walked down to second. Johnston walked. Sewell up. Sewell lined out to Griffith. Gardner held second. O'Neill up. Kilduff threw out O'Neill at first. No runs, no hits, one error.

**Third Inning: Brooklyn—Miller** fanned, his third strike being a drop ball, which he failed to go after. Grimes got a Texas leaguer back of shortstop. Olson up. Sewell mused up Olson's grounder and it went for an error. Sheehan's grounder hit Olson on the leg and Olson was declared out. Sheehan is credited with a hit and Grimes was sent back to second.

**The Last Inning.**  
Ninth inning: Brooklyn—Griffith fled out to Jamieson. Wheat singled into centre field. Myers forced Wheat. Sewell up. Wambagans. Konechky up. Konechky forced Myers. Sewell up. Wambagans. No runs, one hit, no errors.

**Final Score.**  
R. H. E.  
Brooklyn ..... 0 0 0  
Cleveland ..... 3 0 0

### MAN O' WAR VICTOR IN BIG HORSE DUEL

Sir Barton Beaten in Gallop For \$75,000 Purse at Windsor To-day

Windsor, Ont., Oct. 12.—Man o' War, owned by Samuel D. Riddle, of Philadelphia, and ridden by Jockey Clarence Kummer, this afternoon won the Kenilworth Racing Association's \$5,000 gold cup and a purse of \$75,000 (American money) when he defeated Sir Barton, owned by J. K. L. Ross, of Montreal, and ridden by Jockey Keough, in 2:03 flat. Man o' War won by seven lengths.

**MITCHELL WINS.**  
Philadelphia, Oct. 12.—Ritchie Mitchell, Milwaukee, outpointed Joe Welling, of New York, in a fast eight-round bout last night.

**Royals To Determine If They Want Cup Game**  
If the New Westminster stick-hunters want to play for the Mann Cup on Thanksgiving Day they must say so before to-morrow morning. Unless a telegram is in the hands of Ed. Christopher, President of the Victoria Lacrosse Club, before the morning it will be considered that the match is off, and there will be no competition for the celebrated piece of silverware until next Spring.

The Royals were very keen on sacrificing a series of games on the Captains, but although the locals had hung up their sticks for the season, they accepted the challenge. For five days the Royals hung fire in replying to the query regarding "ten-man lacrosse." Yesterday morning Mr. Christopher received word that the Royals favored twelve-man lacrosse, but would play with ten men provided substitutes were allowed at any time.

**Agree to Everything.**  
A meeting of the local club was held last night to deal with the telegram and the members decided to do everything possible to satisfy the demands of the Royals and give them

### J.B.A.A. Withdraws Team From Local Rugby Union

As a result of the Victoria Rugby Union's decision to allow Pender, a suspended amateur, to play with the Wanderers the J.B.A.A. withdrew from the union at a meeting held yesterday. This leaves three teams in the Victoria Rugby Union, the Wanderers, the Old Boys, the Vancouver Island Cardinals and the Wanderers. It is understood that some of the Bays players intend to form an independent club and round out a four-team league.

The rugby season will open on Saturday afternoon and some interesting developments should follow the matches if the B.C.A.A.U. officials live up to their announcements. The union has threatened to suspend any players who compete against Pender in a league fixture. While this will not af-

**Jersey City, N. J., Oct. 12.**—Georges Carpentier, French war hero and European heavyweight boxing champion, will give his first exhibition of pugilistic skill on United States soil here to-night in a twelve-round bout with Battling Levinsky, United States light heavyweight. Under the New Jersey boxing law no decision is permitted.

### Prairie Amateurs Are Now Under Suspicion

Manitoba Amateur Hockey Association Decided to "Clean Up or Bust Up"; Neutral Committee to Investigate the Flagrant Breaches by Amateurs Which Have Been Reported.

Winnipeg, Oct. 12.—"Clean up or bust up." This is the motto adopted by the Manitoba Amateur Hockey Association relative to the flagrant breaches of the amateur spirit as exhibited by players who have jumped and clubs which have held out inducements to players.

The M. A. H. A. will clean house or go out of existence. It pledged itself to this policy at a special meeting last night when a resolution demanding the fullest possible investigation by a neutral committee of the many rumors current in local hockey circles.

Names of players and clubs involved were tabled and action will be taken as soon as all charges are in the hands of the executive. This investigation has been anticipated for some time, as it has become common knowledge that star amateur hockey players are receiving more enticing offers to play amateur hockey than the professionals can offer. The trouble commenced shortly after the armistice, when the amateur union decided to reinstate any professionals who wished to apply. This led to Mickey Mackay and several other stars on Frank Patrick's Millionaires deciding to go back to amateur sport and play with prairie teams. Despite large offers from the pros, magnates these players have stuck with the amateurs, owing to better conditions.

Now the Manitoba Amateur Hockey Association is calling for a showdown and their lead will probably be followed by the other prairie provinces. It is expected that some very interesting disclosures will be made at this investigation.

There seems to be a movement on foot throughout Canada to restore order in amateur circles. Recently there has been considerable laxity by the union and many reported flagrant cases have not been investigated. In Victoria the B. C. A. A. U. has just survived a battle to enforce the amateur rules and now the Manitoba people are bent on either having the rules of the union enforced or closing up the shop.

### MARQUARD TO PAY ONE DOLLAR FINE

Only Technical Violation; Star Southpaw Now Intends to Marry Again  
Cleveland, Ohio, Oct. 12.—Richard "Rube" Marquard, of the Brooklyn Nationals, was fined one dollar and costs in the local court here to-day on a charge of violating the exhibition ticket ordinance. President Heydler, of the National League, who was in court with Marquard, stated that as the "violation" was merely technical he would make no further action in the matter.

**Rube to Marry.**  
After the world series is over—win, lose or draw—Rube Marquard will shortly embark on the second year of matrimony. His bride will be Miss Naomi Malone, prominent Baltimore society girl. He secured his divorce from Blossom Seelye, vaudeville actress, several weeks ago. Miss Malone is a close friend of Mrs. Wilbert Robinson, and a baseball fan from the first ball pitched until the last man is out in the ninth inning rally. So it's wedding bells as well as pennant bells for the "million beauty," who fazed for John McGraw but became a great pitcher for the New York Yankees. Rube can use the world series change all right.

**WITH THE QUOTTERS**  
Another successful quoit handicap was played at the Royal Athletic Park on Saturday. The day induced a larger number of players than usual to turn out. Close games made the competition very keen all through. G. Ledingham was in good form but was beaten in the final event by Joe McKenzie. Mr. Smith beat T. E. Wallace in the second series by a small margin.

The new players are improving very fast, and take a keen interest in the game that requires skill and judgment, as well as strength. The four prize winners were: Joe McKenzie, first; Mr. Ledingham, second; Mr. Smith, third; T. E. Wallace, fourth.

**OILSKINS**

## DOMINION

The versatility of Elsie Ferguson, the charming star in leading Paramount pictures, is splendidly displayed in "Lady Rose's Daughter," her latest photoplay which is now at Dominion Theatre. Miss Ferguson plays three powerful parts in this picture, and her artistry is conspicuously evidenced in each characterization.

The story of Mrs. Humphry Ward's dramatic novel is divided into three epochs, those of 1860, 1890 and 1920. In the first epoch, Miss Ferguson is seen as Lady Mande, a woman of high social position in England. In the second, she is Lady Mande, who in the present day epoch, she has the role of Julie Le Breton, the illegitimate daughter of Lady Rose.

The three parts are entirely different in conception and treatment, but in this splendid photoplay, Miss Ferguson portrays each with her usual artistry and dramatic effectiveness. As the daughter born out of wedlock, she endures much suffering, but after her love affair with a rascally army officer reaches its climax, she finds happiness in the love of a worthy man.

The photoplay has been finely produced and the support headed by David Powell, Holmes E. Herbert, Frank Losee, Ida Waterman and Warren Cook, is exceptionally clever. Harold Lloyd, the king of screen comedians, is also seen in his latest comedy, "High and Dizzy." It is full of snappy action and delicious comedy situations.

## COLUMBIA

Bound by his word of honor to visit once each year a lonely spot on the Scottish sand dunes in the expectation of receiving the bullet in his heart that would end it all—that is the strange pact carried out by the youthful hero of "The White Circle." Maurice Tourneur's latest screen production, "The White Circle," is a Paramount Artcraft production, which is the Columbia Theatre again to-day. It is one of those annual visits that the young man saves a pretty girl from death in the quicksands and by this act becomes involved in a sensational romance and adventure imaginable. "The White Circle" was adapted from Robert Louis Stevenson. As fine an example of screen photography as was ever revealed to them was the first given local theatre-goers at the Columbia Theatre yesterday, when "Chang and the Law," featuring Herbert Rawlinson, was presented.

## VARIETY

Jack Holt, who plays the leading part of Lord Glenav in the big Drury Lane melodrama, "The Best of Luck," the Screen Classic, Inc. production now playing at the Variety Theatre, will have several opportunities in this famous and thrilling play to be seen in feats of horseback riding, which is also not so strange to his favorite recreation. Mr. Holt has had a long and successful career in leading parts in a number of notable screen plays. He was educated at Trinity College in New York City, and at the Virginia Military Institute in Lexington, Va. He joined a stock company on the stage at the age of twenty, but only played a short time and then started his motion picture career. His first engagement was with the California Picture Corporation at San Rafael in a production with Beatrice Michelena as leading woman. Later he played with Universal in a serial called "Liberty." He has also played in a number of productions for Lubin, Climax and Lasky.

## ROMANO

"Everything But the Truth," the Universal comedy attraction now at the Romano Theatre, is an indication that the majority of theatre-goers are tired of pie-throwing slapstick film comedy and welcome a photoplay that is full of genuine humor. Lyons and Moran, who star in the film play, are considered among the foremost exponents of dressed-up comedy. They depend upon amusing situations in the plot and clever acting to make an audience laugh, rather than upon the time-worn methods developed when the public was still skeptical about seeing the pictures really move. Most theatre-goers do not like to have their intelligence assaulted with cheap buffoonery, is the expressed opinion of these popular fun-makers. They contend that audiences nowadays are composed of men and women of education and refinement to whom crude horse-play doesn't appeal. They insist on comedies that are worth while, subtleties and clever humor instead of old jokes enacted over and over again.

## AMUSEMENTS TO-DAY

Dominion—"Lady Rose's Daughter."  
Columbia—"The White Circle."  
Variety—"The Best of Luck."  
Romano—"Everything But the Truth."  
Pantages—"Simple Souls."  
Royal Victoria—"The Penalty."  
The Criterion—Baltimore House.

## PANTAGES

"Simple Souls," which presents charming Blanche Sweet at Pantages Theatre to-day is the story of two dreamers, one a humble London shop girl, and the other an eccentric young Duke. The nobleman comes upon the girl in the park, where she is looking for her last shilling, which she has flipped to see whether she could buy a book or eat.

They soon discover they have similar tastes and dreams and he sends her two pounds every week with which to buy the books she covets. This leads in trouble for the girl, she is accused by her sanctimonious mother of improper conduct, and forced to marry the Duke. There follows a series of experiences both pathetic and humorous, for this romance begins at marriage.

## ROYAL VICTORIA

Wallace W. Worsley, director of Gouverneur Morris's new Goldwyn Picture, "The Penalty," which comes to the Royal Victoria Theatre to-night, started his stage career as juvenile lead in "Mrs. Dane's Decision," under E. H. Sothern. He starred in "The Pride of Jericho" and "Under Suspicion," was four years with William Collier. Later he played the part of the young man who is the first to break into motion pictures as the lead with William Desmond in "The Paws of the Bear." Then he became a director and directed "Rhea Mitchell," Louise Glaum, Kitty Gordon, and others. Now he is a Goldwyn director. "The Penalty" is one of the Eminent Authors Productions being produced by the Goldwyns. Wallace Worsley friviously directed Basil King's picture for Goldwyn, "The Street Called Straight."

## PRINCESS

The Mildred Page Players at the Princess Theatre are preparing for their next offering a beautiful production of "The Daughter of Mother Machree," an Irish comedy drama in three acts, the central figure being a rollicking Irish Colleen. There is a beautiful story full of heart interest running through the clever play and no end of witty Irish sayings. There is "pep" and a plenty and all that is required to make the whole a decided success will be here in abundance. Irish plays that are really up to the moment are getting scarce and this may be the last Irish play of the season, so those of you who enjoy them should make the best of this opportunity.

Clever acting, dainty gowns and artistic stage settings will adorn the play, and the entire cast will appear at its best. Miss Page as Sally O'Brien, the daughter of Mother Machree, has a part well suited to her, and is preparing a character study which cannot help but be an agreeable treat to her many friends.

2000  
YEARS AGO

The fighting Gladiators of ancient Rome healed their wounds and sores with rare herbal oils and balms. These are said to have knitted the damaged tissues together in miraculous fashion.

Though the highly-prized secrets of those precious healers were lost with the fall of Rome itself, the introduction of the great herbal balm Zam-Buk has furnished their true successor. It is so marvelously like them in action.

The soothing and healing touch of Zam-Buk is to-day known the world over. Wherever there is a Cut, Burn or Scald, a Festered or Poisoned Sore, a Spick of Eczema, Salt Rheum, Pimples or Rash, Zam-Buk ends the trouble once and for all. The same with Chills, Rheumatism, and Piles.

Nothing else known to Science performs such marvelous healing, or dispels a sore so fast. The old price of Zam-Buk was 50 cents. This is due to its pure herbal character and origin. Its absolute freedom from the animal fats and minerals found in present-day ointments is another valuable feature.

With production costs at high-water mark, the price of Zam-Buk remains a 50-cent. At the old price you still have the same high standard of purity and healing, also, in the latest world-wide demand for this.

All 4 sizes of Zam-Buk Co., Toronto, Ont. or 3 boxes for \$1.50. Trial Sample FREE if 1c. stamp for return postage accompanies application.

**Zam-Buk**  
THE  
20th CENTURY HEALER

## LETTERS

There is not a dull moment in the play and the third act climax has all the "kick" one expects in an Irish drama. Those who enjoyed "The Brat" last week will find that "The Daughter of Mother Machree" loses nothing by comparison. It will be on Wednesday, October 13, and continue the balance of the week, with the usual Saturday matinee.

## POOR TACTICS.

To the Editor—In The Vancouver Province of October 8-I have noticed a large advertisement placed there by the Government of British Columbia.

A picture, heading this ad., depicts the Government in the form of a man being held in a tight grip by a hand labeled "Liquor Control" and below it reads: "What government control will really mean and what will follow, viz., bootleggers everywhere; thousands of civil servants warehousing, bottling, shipping and selling booze; booze back into politics; Government and liquor trade dividing profits; law enforcement paralyzed; thousands of citizens robbed of their personal liberty by being coerced into partnership with a degrading trade."

In reading this most distorted view of what will happen under Government control the main thing that strikes me is the poor opinion the prohibition advocates have of the Government and the men at the head of it when they permit such offensive statements to be made through the public press reflecting on the characters of the men whom many of them were no doubt instrumental in placing in power. Surely the men at the head of our Government in this Province are above such things as are deliberately stated in this advertisement, and I consider it a disgrace for the advocates of prohibition to stoop to the publication of such uncalculated reflections on the integrity and honor of the Government. I have been elected by the people to make the laws of the land and endeavor to carry them out. I have never agreed to the demands of the prohibitionists three years ago when the referendum on the liquor question was put before the voters and placed laws on the Statutes of the Province which at that time conformed to the views and wishes of the prohibitionists. It has been impossible to carry those laws into full enforcement and always will be, and yet these same people are now proposing to throw this kind of mud against those who in the past have made an honest endeavor to carry out their duties.

What grounds, for goodness sake, have these prohibitionists for making such statements as those I have mentioned? As far as I know the Government has never committed itself to any definite policy in connection with laws that make the prohibitionists. It has been the control of liquor is carried by the voters of this Province, but I have enough faith in the men at the head of affairs, and who have been placed in their positions of trust by the majority of voters, to know that they will not stoop to such disgraceful tactics as are imputed to them in the public advertisement to which I refer.

This same ad. states that thousands of citizens will be robbed of their personal liberty when Government control is carried. My idea of the meaning of the word "liberty," of which we hear a good deal, is the power to do as one thinks right. Do you imagine Government would think it right for one minute to establish bootleggers everywhere, to do the things that are now prohibited in this ad.?

It is reasonable to imagine that the men whom we have elected to public honors would so disgrace themselves as to put into effect all those dreadful things which the prohibition Party interfere with in my taking beer and liquor, why do the prohibitionists wish to deprive me of the liberty of doing what I consider right?

The advocates of any cause will never accomplish good results by stooping to such tactics as I have referred to.

AGAINST GOVERNMENT  
CONTROL.

To the Editor—A few lines in your paper, if you please, on the prohibition issue.

The impression upon the minds of some people seems to be that many people are confused as to which way they should vote, although they wish to do so in the interests of reform. If such be the case it is more than I can understand, for the issue seems very clear to me. To simplify matters I would say to any such find out the way the opponents of prohibition are going and vote the other way. The prohibitionists are the same people who have fought for temperate principles and sobriety with such success among other things as, to banish the bar forever from our midst. The men who in the past tried their best to save the bar from a just banishment, the men who opposed the prohibitionists then, are the same ones who oppose them now. The same specious pleas of personal liberty and moderation were employed in an attempt to save the bars, that are still being used to fight prohibition. Yes, to any undeclared prohibitionist I would say, find out the way the enemy is going, and vote the other way.

Least there should be anyone innocent enough to believe the rot that some evidently educated men are trying to impose upon their readers in defiance of the facts, I would warn him or her that we always have been a deplorable people. A great display of anthropological knowledge, for example, one writer of long letters contests the findings of unquestionable scientific authority by a mass of abstract reasoning in times in terms of comparison of nations. Is there anything more ridiculous than this elaborate comparison of Chinese customs and nationhood with those of the British to prove that Government sale in this issue is the best for B. C. In reading, or rather agonizing, through these letters, I have in mind there are some lines often suggested to me. They refer to a man who—

"Hail a league behind pureness."

"The accomplished fact with

ghosts and flings."

Instead of going to China for light

one would much more reasonably go

to Saskatchewan, where a similar

issue to ours was tried and tested.

If you want to know with what re-

sult read the Prohibition Bulletin,

conveniently, a placard on a bill board

on Yates Street. The present

writer was one of those who, on a

manhood sufferer, kicked Govern-

ment sale in seeded packages out of

Saskatchewan by a vote of about

four or five to one on a very stormy

day—men could not be kept back

from the polls. But this Jugger-in-

chief referred to, whose lengthy let-

ters betray the spirit of the advocate

rather than the judicial spirit—that

is to say, whose concern seems not to

be a due regard for authentic

evidence so much as to win a case—

this writer can ignore the findings

of scientists and such authority as is

not questioned by anyone with the

possible exception of Tom Dooley.

But my letter is becoming rather

lengthy and I conclude by calling

any wavering prohibitionist atten-

tion to the advice offered above.

Select this Rich Finish  
for your Library, Den  
or your Billiard Room

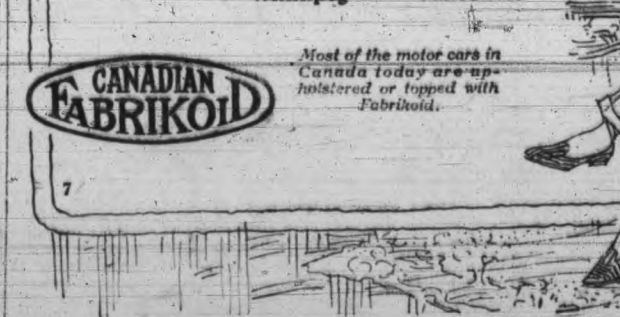

No upholstery is more in keeping with the general tone of the library—in the private home or the public institution—than that which gives the full, warm richness of Fabrikoid. No upholstery for this purpose is more economical. It possesses all the appearance of leather, but is superior in every way. No hard spots that break, no soft, spongy places that rot and tear in Fabrikoid. A surface that will not absorb water or grease, that is uniform throughout, and will wear years longer than many leathers.

Make this the upholstery for your library furniture—for your den or smoking room. Try the oak panelled wall finish, with Moorish or Machine Spanish Fabrikoid—those rich, two-toned effects—in the panel centres. It will give a finish that is almost indestructible under ordinary wear, that is rich and handsome and easily kept clean and sanitary.

When you buy new furniture insist that it is upholstered with Fabrikoid and you will insure yourself of longer wear.

Ask your dealer about it today. Write for our free booklet, "Fabrikoid in the Home."

Thin People Need It Most and Plenty of It.

Just one or two little tablets of real organic phosphate dispensed in drug stores under the name of Bitro-Phosphate taken with each meal is probably just what you need to cause you to jump out of bed in the morning eager for the industrial battle of the day.

If you could swallow the yolks of a dozen eggs every day for a month, it might give you all the phosphate your starving nerves are craving for, but the cost forbids.

Phosphate is an important part of every nerve cell, every blood cell and every other cell in the body.

Even the bones must have an abundant supply.

If you are thin, weak, nervous, run-down, have no confidence in your ability to succeed in life and lack ambi-

tion, endurance and perseverance, it is probably because the food you eat isn't giving you enough phosphate, and that is all that is the matter with you.

Referring to the above drawback in the making-up of any man or woman, Dr. Joseph D. Harrigan, a brilliant medical specialist, formerly visiting specialist North Eastern Dispensary, New York City, says:

"Common sense, as well as experience, should teach those who seek that the most logical and sensible thing to do is to put into their systems the substance that is lacking, and that is the organic phosphate—Bitro-Phosphate."

Bitro-Phosphate is the original phosphate, and as the most is little, even price, thousands are availing themselves of the opportunity to increase their nerve force, put on weight and grow sturdy and healthy.

Why 40% of Men and Women To-day Are Without Sufficient Nerve Force, Energy, Ambition and Endurance.

Thin People Need It Most and Plenty of It.

## Underwriting Industrial Canada

In addition to offering Government and Municipal Bonds, we have for fifteen years been associated with Canadian investors in the financing of forty-three great Canadian industries, employing a capital of many hundreds of millions of dollars.

The products of these industries have been as diverse as grain and telephones, sugar and steel, salt and cement, pulp and paper, cotton and lumber, coal and rubber, railway equipment and hydro-electric power development.

Despite this diversity of product, each industry has been fundamental to national well-being.

Basic necessity, plus natural resources to meet it, is the keystone upon which all our corporate financing has been done. This explains the confidence of investors in the security issues that bear our imprint.

## TWO VESSELS TO CLEAR FOR ORIENT

Empress of Japan and Toyohashi Maru Due Here Outbound This Evening

According to advices received by the pilotage office here to-day the S.S. Grace Dollar will reach Race Rocks at noon, and pass up this afternoon for Vancouver. The Toyohashi Maru, N.Y.K., is due here at 4:15 to-day from Seattle, and will sail shortly afterwards outbound for the Orient, with some passengers and a good cargo of manufactured goods for the Far East. The Canadian-Australian liner Tahiti is expected here on October 17, and will occasion some interest as the U.S. Aerial Mail Service between Seattle and Victoria will take their initial air calls from the postal matter arrived by the incoming liner. The Empress of Japan, C.P.S.S., will arrive to-night about 10 o'clock from Vancouver, and will sail outbound shortly afterwards for the Orient with a long list of passengers, returning to their businesses in the Far East.

### WE HOPE SO, TOO.

Our hope is that paper suits become so popular, and that the magazines and newspapers print such enormous editions, that paper towels will be come too costly to use. New York Tribune.

Dance—Agricultural Hall, Saanichton, Wednesday, October 13, under auspices Agricultural Society. Professor Heaton's orchestra. Dancing, 9-1.

## BRITISH TRADE BALANCE

Will Wind Up Present Year With \$874,800,000 to the Good.

New York, Oct. 11.—According to figures just received by the British Information Department of the Bankers Trust Company of New York, the Board of Trade estimates that Great Britain will wind up the present year with a balance in her favor of \$874,800,000, or a par \$874,800,000. The "invisible exports" represent income from investments abroad and earnings from shipping and other services.

The board estimates that the "invisible exports" for the year will amount to \$260,000,000, up to the end of August British imports had exceeded British exports by \$288,000,000. At the same rate for the remainder of the year the excess of imports for the twelve months would be \$412,000,000.

The Board of Trade has roughly estimated the excess (including shipments of bullion) at \$420,000,000.

### GLAD SHE DOES.

"How can you stand your wife's spending her time at club and home? meetings beats me. If I were you I'd tell her she should be home doing the cooking."

"I'll be hanged if you would, if you knew what kind of a cook she is."—Boston Transcript.

### ONE CONSOLATION.

An Irishman had squeezed himself into a seat in the car between two women, and presently began wriggling about.

"I'm afraid you are not very comfortable," commented one of the passengers.

"Well," responded the man, "I haven't much room to grumble!"

A law necessitating mirrors on all motor trucks, omnibuses and commercial cars of one ton capacity or more is strictly enforced in New York city.

Collector of Inland Revenue at Victoria.

## Waterman's Ideal Ink

To assure owners of Waterman's Ideal Fountain Pens a constant supply of the best ink, we produced an ink that is free from sediment, insures a free and even flow, with no loss.

Next we assured permanency of impression. Documents written with Waterman's IDEAL Ink will not fade.

And what is the result? Waterman's has become the ink for all purposes, including those associated with the old-time inkwell. It is non-corrosive—even to steel pens!

Best of all is its uniformity! No matter when or where you buy a bottle of the genuine Waterman's Ideal Ink it is identical in quality, color and consistency with the established record.

Sold in 2 oz., 4 oz., 8 oz., 15 pint, and quart bottles and a special filler bottle, including travelers' cases.

### MARKETS CLOSED

All United States markets are closed as this is Columbus Day.

## FRESH EGGS JUMP 7 CENTS A DOZEN

They Are Now Wholesaling at 90 Cents; Wet Weather Blamed

Local fresh eggs jumped seven cents a dozen on the local wholesale market to-day. They are now wholesaling at 90 cents. No change has been made in the price of storage eggs.

The jump in fresh eggs is attributed to the cold weather and the rain which have brought about a temporary shortage.

Tomatoes of all grades are up on other 25 cents a crate to-day. Today's grapes are up 1¢ a crate. Cantaloupes are a bit stiffer in price, but Wealthy apples are up 25 cents a box. Cox's orange apples have now come on the local market.

Netted Gem potatoes have also made their bow here. They are wholesaling at \$2.50.

To-day's local wholesale prices are:

Hollybrook, fresh creamery, 44¢  
Hollybrook, brisles in cartons, 48¢  
Buttercream creamery, 52¢  
Clover Valley, 52¢

Ontario solid, per lb., 22 1/2¢

## TO-DAY'S TRADING IN WINNIPEG MARKET

Winnipeg, Oct. 12.—The local market continued to show strength to-day after a weak opening, and during the last hour of trading prices made considerable advances, although again falling off during the last fifteen minutes. The market was erratic and nervous and was easily forced down on the appearance of sales of volume and would climb on the withdrawal of pressure. The cash wheat market showed a steady demand with light offerings. Minneapolis millers were reported good buyers.

October wheat closed 1 1/2¢ lower. November 2 1/2¢ down and December 2 1/2¢ lower. Oats 2 cents lower for October, 1 cent lower for December and 2 1/2¢ down for May. October barley 1 cent higher. December 1 cent higher and May 1/2¢ up. Rye closed 1 cent lower for October, 1 1/2¢ up for November and 1 1/2¢ up for December.

**FEWER PLACEMENTS DURING THE WEEK**

Department of Labor Reports on Situation in Week Ending Sept. 11

The Employment Service of the Department of Labor reports that returns from the Dominion and Provincial offices of the Employment Service of Canada for week ending September 11, show a decrease in placements as compared with the returns for the preceding week. The offices reported that they had made 8,412 references to regular positions and that 8,523 placements were effected. This is a decrease of 1,076 when compared with the returns for the previous week, when 9,599 placements were reported. On the other hand, and increase of 363 is shown when compared with the returns for the corresponding week of last year when 8,160 placements were reported. In addition, 1,651 casual jobs were supplied as compared with 1,795 during the week ended September 4. During the week, 9,579 applicants were registered, of whom 5,673 were men and 3,906 were women. This represents a decrease of 1,425 in registration when compared with the returns for the preceding week when 11,004 applicants were registered.

**FINALLY AGREE ON A SIX-CENT FARE IN CITY**

Settlement of Long-standing Street Car Problem Reached at Last

**OPPOSITION FAILS TO THWART SETTLEMENT**

Victoria's street car problem, which has been a live issue for two years or more, was finally settled last night when the City Council decided, by a seven-to-three vote, to accept the terms of an agreement offered by the B. C. Electric Railway Company. These terms, which will go into effect as soon as the necessary documents can be signed, include:

1. A six-cent fare with transfer privileges.
2. A seven-cent lighting rate.
3. The elimination of jitney competition.
4. A clause by which the company agrees to maintain the rail portions of the streets with certain reservations.

The settlement of the long-standing problem was at no time in doubt during the course of a debate among the Mayor and Aldermen. Aldermen Patrick, Sangster and Sargent, who sponsored the company's terms, had sufficient support to insure a favorable vote, but vigorous and sustained opposition to the company and its agreement was raised by a portion of the Council, led by Aldermen Johns and Fullerton. The members also urged that the whole question be laid before the electors in the form of a referendum, but this move, too, was thwarted.

**Jitney Men Protest.**

Realizing that the Council was about to decide the fate of jitneys in Victoria, a large number of jitney operators were present at the meeting, and watched the proceedings with keen interest. The Council had before it, too, a letter from the Jitney Association which appears elsewhere in this issue.

**Manager's Terms.**

The letter from A. T. Goward, Local Manager of the B. C. Electric Company, upon which settlement was based, is set out in full as follows:

"I am in receipt of a letter from the City Clerk dated October 5, notifying me that the Council will agree to the company's offer dated October 2—provided the company agrees to:

1. Operation of jitneys in the event of a shut-down of street car service on account of strike.
2. The company to take over certain maintenance of roadway, etc.
3. Regarding clause 1, the company has no objection on condition that the clause provides that the prohibition of jitneys becomes operative immediately the street car service is resumed.
4. Regarding clause 2, the company will agree to your request regarding the maintenance of roadway on the lines of Mr. Kidd's letter of August 25, 1918, which provides, amongst other things, that certain streets that are in good state of repair be taken over by the company and that so soon as the other streets are put into good state of repair the company will take over the same.
5. Since Mr. Kidd's letter further repairs have been made to certain streets. I suggest, therefore, that in order to expedite matters in this respect the engineers of the city and the company get together and agree upon a schedule of streets that will immediately be taken over by the company.
6. The arrangements regarding any new construction either of permanent or temporary track to be that should the company deem it necessary that headers or special paving be put down, the cost of the same shall be borne by the city, the company relieves the city of the increased cost over and above the cost of the work and above the cost of these headers and special paving.

**Moves Acceptance.**

Alderman Sangster started the debate by moving that the Council accept the company's offer, that the solicitor prepare the necessary agreement, and that the City Engineer confer with the company's engineer concerning street paving. Alderman Patrick, Chairman of the Legislative Committee, which conducted all negotiations with the company, seconded the motion.

Alderman Todd declared that the jitney men's letter was worthy of careful consideration. He quoted a letter recently received from a friend in London, to the effect that the arguments which prevented the public from using a cheaper form of transportation were as fallacious as railroads in England. He moved an amendment allowing the company a six-cent fare as a temporary expedient for six months "recognizing the advisability of having the B. C. Electric Railway Company operate at a profit." This amendment was carried without any concessions, such as the elimination of jitneys.

Alderman Johns, a member of the Legislative Committee, breaking with the other committee members, seconded this amendment.

**A Come Down.**

"I thought that when the Council set terms of settlement last week we determined not to deviate one iota," protested Alderman Fullerton. "This is a great come-down from a steadfast proposition." The alderman wondered if it was unreasonable for the city to demand a share in the company's gross earnings after a five per cent. profit had been made, and pointed out that Vancouver was getting a revenue of \$45,000 a year from the street cars. Alderman Fullerton asserted that the company had built a

**STOPPED HERE HEADACHES**

Years Of Suffering Ended By "Fruit-a-lives"

"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-lives' made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors, but nothing seemed to help me until I tried 'Fruit-a-lives'."

"After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since."

MISS ANNIE WARD.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives, Limited, Ottawa.

Victoria's lighting bill of \$50,000 a year—a sum which the citizens will save. In six months \$30,000 will be saved. How far can the jitneys go toward giving us this amount? Not far, I think. Including the maintenance of the streets by the rails, the Company will be saving the citizens the same rate, receiving the support only of Alderman Todd himself and Aldermen Fullerton and Johns.

Alderman Sangster's motion that the Company take care of the streets was then carried, opposed by Aldermen Fullerton, Johns and Todd. Alderman Sangster was supported by the Mayor, and Aldermen Patrick, Sargent, and Dinsdale.

The letter from the Jitney Association then was received and filed, on the motion of Alderman Sangster.

**Best Possible Agreement.**

"Alderman Fullerton knows well right now that this agreement can be cancelled in six months, and if after the first six months it is found that the Company is making big profits it will be the duty of the Council to cancel the agreement. At the present moment it is impossible to make any better agreement with the B. C. Electric."

"I have tried all I can during the summer, but no better terms can be obtained. Alderman Johns knows that his amendment cannot stand before the company. It is simply an outburst. We are up against this proposition. We must take care of the traffic of the city. How are we going to do it? Certainly not by the jitneys. The letter from the jitney men themselves admits that the jitneys cannot do it, and you know that the jitneys run when they wish. Do they run on wet nights? Did they take care of the traffic during the Exhibition?"

**Best Agreement Possible.**

"Yes—At fifty cents a head!" remarked the Mayor. "We're not here to stop any man making an honest living," Alderman Patrick went on, "but as a man I am prepared to take the responsibility of voting for this agreement, which is the best we can get."

**Not So Badly Off.**

"All during the negotiations there was stowed away in my mind that the company was not so badly off as might appear on the surface," Alderman Johns persisted. "Any man who invested his money here was lucky to get five per cent. on it during the last few years. I have no doubt that if the company had given us the full information which we deserved as regards its investment and its returns this committee and this Council would not be taking the stand it is taking now. I imagine that the B. C. Electric is into consideration the property in Saanich."

**That's quite wrong!** interjected Alderman Sangster.

"Are you next?" the B. C. Electric then? Alderman Johns demanded. "No one knows more than I do, and I don't know anything about it! If I don't consider their possessions in Saanich, I don't consider their properties as part of their assets they should call in Dr. Price to examine their heads; that's all."

"That threatening letter that ultimatum letter that came before the Council from the company last week was a threat, and you see Mr. Goward has accepted our proposition, and I don't doubt very much that they would have accepted the request we made as a whole if we had stuck to them."

"A business is not worthy of the name of business if it cannot stand competition," the alderman asserted.

**"Unfair Competition."**

"Jitneys are unfair competition," replied Alderman Sangster.

Then let us make them fair competition," Alderman Johns answered. "They are willing to give us a definite five-minute service and so on."

Alderman Sangster then moved an amendment regarding street transportation from London. His argument, he remarked, came from the place where the company, too, originated. "You say that the company could not stand the competition of five-cent jitneys, and then you turn round and say that the jitneys charge fifty cents," he objected. "The two arguments don't agree."

"By a seven-to-three vote we voted last week to accept the company's terms provided they agreed to maintain the streets by the rails," protested Alderman Sargent. "Why not stand by our decision? If Alderman Fullerton wanted the Legislative Committee to get all these additional concessions he had plenty of opportunity to say so before, when the Legislative Committee's report was brought in, and when the Council was deciding to accept the company's terms, conditional upon the concession regarding street upkeep."

"Oh, it's all a play all the time!" exclaimed Alderman Patrick.

The economic argument of the company, went on Alderman Sargent, "is not too good. All through the war it gave us a five-cent fare and kept up its schedules, too. During the two strikes, on the other hand, the jitneys charged fifteen cents and twenty-five cents."

**Cut in Lighting Bill.**

"This agreement is not all one-sided. It will mean a reduction

**DEMAND STREET CAR REFERENDUM**

Jitney Men Want Jitneys to Run Until Next Civic Election

The full text of the letter which the Victoria Jitney Association laid before the City Council last night regarding the street car question is as follows:

We are given to understand, through the press, that it is your intention to-night to enter into an agreement with the B. C. Electric Company to prohibit the jitneys from running on the streets of the city of Victoria. Now, gentlemen, we beg to draw your attention to the following facts:

First, That Alderman Sangster promised H. B. Jackson, M.P.P., the chairman of the Private Bills Committee, that if the B. C. Electric Company would certainly submit a referendum to the people.

Second, As you will see Mr. G. Bell's letter dated March 25, 1920, which proves itself.

March 25, 1920.

A. Gilson, Esq., 740 Hillside Avenue, Victoria, B. C.

Dear Mr. Gilson:—I see by the press that the Mayor says that the City Council will submit an agreement they enter into with the B. C. Electric, to the voters for their approval or disapproval, consequently, we have decided to allow the Victoria City Bill to go through as it now is.

You will see the Mayor's definite statement regarding this matter in last night's Times.

I am yours sincerely,

(Signed) G. BELL, M.P.P.

**ELECTORS WILL DECIDE JITNEY PROBLEM HERE**

Agreement Between City and B. C. Electric to Be Subject of By-law.

While such action is not made compulsory by the City's Private Bill, recently introduced to the floor of the Provincial Legislature, the City Council will submit an agreement they enter into with the B. C. Electric, to the voters for their approval or disapproval, consequently, we have decided to allow the Victoria City Bill to go through as it now is.

You will see the Mayor's definite statement regarding this matter in last night's Times.

I am yours sincerely,

(Signed) G. BELL, M.P.P.

4087 THE PROSPECT

Porter this morning intimated that this course of action would follow the passage of the Private Bill by the House. Most of the aldermen, he understood, favored this plan, as it would allow the electors the last word on the question.

As soon as the Bill passes a committee of the Council will be appointed to interview the Electric Railway Company and negotiate an agreement with it. This agreement will allow the company to charge a six-cent fare on city lines in return for which it will reduce the lighting rate to six cents and grant other concessions, provided, of course, that the city prevents jitneys from running on routes in competition with street cars. The company already has informed the city what terms it is prepared to adopt, so that no difficulty in framing an agreement at present appears likely.

As soon as this agreement is concluded it will be submitted as a by-law to the electors and will go into effect when ratified by them. This by-law probably will be submitted within the next three months, and it is possible that municipal golf links by-law will be before the voters at the same time.

"I would not have voted to ask for power to prohibit jitneys if I did not understand that the agreement arrived at with the B. C. Electric Company was to be put before the electors," one of the members of the Civic Legislative Committee told a Times representative. "Such a by-law will afford ample opportunity for the jitney supporters to fight the agreement. As a matter of fact, the time for the fight on the question is when the by-law is submitted."

It is altogether probable, indeed, that a determined fight will be waged by the jitney interests to have the by-law quashed. The jitney operators, having circulated a largely signed petition protesting against jitney prohibition, claim that the public believes in the operation of jitneys as at present. The majority of the aldermen, however, feel that they have the people behind them in desiring to control jitneys.

Now, gentlemen, we respectfully submit that it would only be fair, after your promises to the Private Bills Committee, also the statement in the press by Mayor Porter, who is in the majority of the aldermen, opposing the bill on the floor of the House. Also to give the jitneys a square deal, we think you ought to allow the jitneys to run until the civic election, when a referendum could be taken at little or no expense to the city, and the people would be allowed to decide whether they want jitneys or not.

Trusting you will give this matter your careful consideration.
